

Boys Will Compete in Club Stock Show

Farmers Will Make Study of Water Surveys

Farmers of the Panhandle are studying the water situation with the view of being ready for a statewide water bill which will be introduced in the regular session of the legislature next January.

A meeting to organize was held in Plainview Friday. Randall county delegates attending the meeting were A. E. Wise, chairman of the Randall County Farm Bureau, M. L. Davis, Clarence Beckman and Frank T. O'Brien.

It was made clear at the Plainview meeting that the farmers will not oppose the passage of a water bill by the legislature, but the farmers want to make sure that such a bill shall be fair to the land owners, by giving them the first rights to the water under their land.

The Texas Farm Bureau will hold a series of meetings over the state in order to ascertain what the land owners expect in the way of a water bill.

The first meeting will be held in Plainview on March 8. Land owners are expected to attend the meeting and to make clear their wishes regarding future water conservation.

In view of the fact that cities of Texas will have a bill ready for introduction at the next session of the legislature, land owners are taking the precaution to make a study of the needs of the owners of land from which the cities expect to draw their future water supply.

Qualified water engineers are being employed in order that the land owners will have expert advice upon which to draw when their bill is before the lawmakers.

Parent-Teacher Hears Discussion By Panel From WT

"Your Government is You", a panel discussion headed by Herschel Coffee from West Texas State College, highlighted the evening session of Canyon Parent-Teacher Association, last Thursday night in the High School Auditorium at 7:30 p.m.

Mr. Coffee, professor of economics at the college, gave pertinent facts concerning the early educational system of the United States and introduced the four seniors from West Texas State College who gave the discussion. They were: Mrs. Bonita Kellen, Marvin Bowman, Charles Owens and Charles Hutchinson, panel chairman.

The four talked over various phases of government; such as, a need for a thorough knowledge of our current affairs, juvenile delinquency the urgency of voting, racial equality and the evils of a one party government.

Opening the program Ann Holt played a piano solo, "Day Dreams." And as the concluding number of the evening, Mrs. Crews Henry, whose talk was titled "Founder's Day", enumerated the growth of the Parent-Teacher Association from its first organization. Mrs. W. E. Miller served as program chairman.

During the short business meeting which followed, Mrs. A. K. Goodman's room for the grades and Mrs. R. E. Ball's for the high school were declared winners of the attendance award.

The group adjourned for a social hour in the economics class room. There, they were served from a long lace-covered table in the center of the room. On it was a centerpiece of carnations and ferns, flanked by tall candle sticks bearing lighted tapers.

Mrs. Hud Prichard and Mrs. Dan Sanders alternated in presiding at the coffee service. The hospitality committee was Mrs. Wilford Taylor, Jr., Mrs. Worth Jennings, Jr., and Mrs. Bill Crow, Chairman.

Fire in Apartment Business House

Fire was discovered in the apartment of Mrs. Marie Bishop over the Western Auto Store Tuesday afternoon.

An electric iron had burned through an ironing board and the floor of the apartment before discovered.

J. D. Barker owns the building, which is the south half of the bank building.

Mrs. Archie Roberts is spending the week visiting with relatives and friends in Dalhart.

Forty boys will compete in the stock show to be held in Canyon Saturday, entering calves and hogs. The boys represent the 4-H Clubs of the county and FFA Club of the public schools.

The boys will bring their animals to the city barns, north of the downtown water tower Friday afternoon.

The judging will be done on the east side of the square Saturday morning starting at 10 o'clock. Dr. J. C. Miller, head of the Animal Husbandry Department of A. & M. College, will be the judge.

Practically all of the animals shown in Canyon will be taken to the stock show in Amarillo to be held next week.

Ribbons and cash prizes will be given the winners.

The cash prizes for the calf show run from \$10 to \$2, and for the hogs from \$5 to \$1.

H. E. Shahan, County Agent, is in charge of the 4-H Clubs and has the following boys entering calves in the show: George Dowlen, Foster Parker, Norman Ray Tucek, Joe Frielme, Jack Conatser, Teddy Lowe, Troy Wayne Sharps.

Jerry Hollis Shipman, Stanley Schaeffer, Benney Abbott, Doyle Bourn, Gary Kent Burum, Albert Craig, Buddy Bennett, Raymond Bennett, Jimmie Kuhlman.

Lloyd Devin, agricultural teacher, is in charge of the FFA entries. He has four boys entering calves, Clifford Burtz, James Inman, Jerre Inman, Bruce Winn.

The following FFA boys have entered hogs: Harold Martin, Robert O'Donald, Travis Payne, Jr., Donald Ruthart, Bryce Slack, Billy Sparks, Duane Howard.

Leo Erwin, Robert McClendon, Frank Heare, Lee Bailey, Clifford Burtz, Jones Hales, Meade Michael, Donald Davis, James Inman, Dennis Burrus, Troy Burrus, Golden Currie, Jerry Harding.

March of Dimes Funds Received Total \$627.80

Funds received during the recent March of Dimes Total \$627.80 for Randall county, according to Mrs. C. O. Elkins, chairman. Half of this amount will remain in this county for the treatment of Polio victims.

Mrs. Elkins wishes to express her thanks and appreciation to each individual and organization who assisted in making the drive a success this year.

National Guard Housing Okayed

Company E probably will be federally recognized within a month according to Lt. Col. Arthur Matz, who was here Monday from Austin.

Col. Matz looked over the Legion Hall which has been offered as temporary headquarters for the new National Guard Company. He approved the plan to use this building.

According to Col. Matz there is ample room in the basement of the Legion Hall for storage equipment for the company. It is planned to have a permanent armory on the land which the county and city bought last year for an airport. Twenty acres will be set aside for the armory at such a time that the government is in position to either move an armory building here, or erect one on the grounds.

Large Number From Canyon Attended Show At Hereford

The Hereford Rotary Club sponsored the 4-H stock show at Hereford Saturday. A barbecue was held at noon for the club boys and all visitors.

More than 80 Canyon people attended the show, including the West Texas State Band, which led the parade in the afternoon.

Dr. and Mrs. James P. Cornette were furnished a special car for the parade.

MARRIAGE LICENSE

W. H. Lusk to Francis Jennings, Feb. 23.

Mrs. A. G. Brant underwent an operation at Hobbs, N. M., Friday. The Brant family lived in Canyon until recently, moving to a Phillips Petroleum Camp near Hobbs. The son, Guy, is a senior in Canyon high school and a member of The News staff.

Mrs. G. S. Ballard of Amarillo, Mrs. Anna Evans of Tulsa and Mr. and Mrs. J. C. Dowd visited with Mr. and Mrs. J. B. Rowan near Hart Thursday and Friday. Thursday was Mr. Rowan's birthday.

Bill Patke Is a Candidate Office of Commissioner

W. A. (BILL) PATKE

The News has been authorized to announce the candidacy of Bill Patke as a candidate for the office of County Commissioner, Precinct No. 1.

Mr. Patke has been a resident of Randall County for 12 years. He was engaged in the tailoring business before the war. After serving for three years in the army he returned to Canyon and bought a farm east of Canyon. He is engaged in dairy-farming.

Mr. Patke states that his father was a road contractor and that he learned the business working with his father in this business. He feels well qualified to look after the roads of the precinct in such a manner that the voters will be pleased.

"I have always had a deep interest in our county government, and have studied the various functions of government. I feel qualified to perform the duties of County Commissioner, and if elected will be happy to devote as much time as needed to look after the business of the county. I shall work with other members of the Commissioners Court for the welfare of the whole county."

"I hope to see all voters of the precinct during the campaign, and trust that my candidacy will meet with your approval. I shall be very grateful for your support and vote in the July primary," stated Mr. Patke.

Court Named Election Heads

The Commissioners Court has appointed election judges for the general election in November, and for other special elections which may be held in Randall county during the coming year. Judges for the two Democratic primary elections will be appointed in June by the Democratic County Executive Committee.

Those appointed by the county were:

- No. 1, J. W. Shook.
- No. 2, J. J. Leavitt.
- No. 3, Kenneth Burum.
- No. 4, E. W. Schaeffer.
- No. 5, W. O. Turpin.
- No. 6, H. W. Burrus.
- No. 7, Elmer Mason.
- No. 8, W. P. Jensen.
- No. 9, E. L. Shofner.

Stork Specials

Mr. and Mrs. George Webb of Happy are the parents of a daughter who arrived Feb. 20, in Neblett Hospital.

A daughter was born to Mr. and Mrs. Sydaski of Happy, Feb. 22.

Mr. and Mrs. C. S. Stevens announce the arrival of a son Feb. 22.

A daughter, Mary, was born, Feb. 16, to Mr. and Mrs. W. Harvey Miller of Maywood, Ill. Mrs. Miller was formerly Mary Clark of Happy. Grandparents are Mr. and Mrs. A. A. Clark of this city and Mr. and Mrs. W. H. Miller of Maywood. Her great grandmother is Mrs. George C. Harris also of Canyon.

Mr. and Mrs. A. V. Peterson of Rio Grande City are the parents of a son, who arrived Feb. 16. The baby, David Ray, is the third son for Mr. and Mrs. Peterson. She is the former Dorothy Fays Rusk of this city.

AAUW Will Meet On Monday Night

The Canyon Branch of the American Association of University Women will meet Monday evening, March 1, at 7:30, in the home of Miss Novella Goodman and Miss Jean Moore.

Mrs. Ples Harper will lead the International Relations Group in a panel discussion about South America, the people and their manners and customs.

Dr. Mattie Mack will present a drama for the Fine Arts Study section.

Help Keep Canyon Clean!

Fifty Farmers Contribute To Save Irrigation

Fifty farmers and land owners of Randall county have contributed to the fund necessary to employ a qualified water engineer who will make a study of the water situation of this section.

It is pointed out that this is not a one-man's fight against Amarillo in its demands for more water wells in Randall county, which the land owners claim will pump dry the water structure from which the farmers are now pumping water for irrigation.

Several meetings of the Randall County Farm Bureau have been held, and another meeting will be held Friday night at Highland school house.

The appraisal board composed of W. E. Bennett, Hosea Foster and Wilson Campbell met Thursday, but no hearings were held. The board will meet again on Wednesday of this week. The board has the authority to call witnesses and consider all phases of the water situation.

In hiring a qualified water engineer, the farmers and land owners want to present to the city of Amarillo technical advice regarding the future development of a permanent water supply for Amarillo.

The late D. L. McDonald spent much time and a large amount of money attempting to point out to the city officials of Amarillo the fallacy of further developing the water supply in Randall county, which would not last more than 20 years. In a series of newspaper advertisements he showed that Amarillo had a permanent water structure at Pantex which would last many years. Mr. McDonald was not arguing in favor of irrigation, but in favor of Amarillo seeking a permanent water supply instead of a temporary field.

The farmers and land owners are of the opinion that Lewis McNaughton of Dallas is the best qualified water engineer in the state, since he has studied the water structure of this area, and located both the Pantex and Cactus water structures. McNaughton has been employed by the Randall county land owners to give technical advice to Amarillo in the fight of the farmers against the further depletion of the Randall county irrigation structure.

Former Citizen Dies Thursday at Whitewright

Mrs. Pattie H. Wilson, 78, died Thursday at the home of her daughter, Mrs. A. M. Bryant, in Whitewright.

Funeral services were held at 2:30 Saturday afternoon in Leonard.

Mrs. Wilson leaves three sons, two daughters, two brothers and four sisters.

From 1922 until a few months ago, Mrs. Wilson lived in Canyon at her home on Sixth Ave. She entered high school as a member of the junior class after she was 58 years old, and was graduated from West Texas State High School. She attended college for some time and taught. She was a member of the Methodist Church.

A son, Jap Wilson, is well known in Canyon. He is a ranchman near Claude. His daughter, Martha, is enrolled as a student at Canyon High School.

Burrow Lumber Co. Rebuilding Office At Yard Location

Work is underway rebuilding the office of the Burrow Lumber Company at its location a half block northeast of the square.

The office will be enlarged, adding a considerable amount of display room. The remodeled building will extend north to the warehouse across the north side of the yard entrance which will be made through the new office.

Rains Bring Little Moisture

Rain Tuesday and Wednesday added 20 of an inch of moisture to the 1948 total.

A light mist started to fall Monday night, which brought 12 of an inch of moisture by Tuesday morning.

The mist continued throughout Tuesday night, adding .08 of an inch of moisture by Wednesday morning.

Continued cloudy weather prevails Wednesday with promise of additional moisture, according to the weather bureau in Amarillo.

This continued damp weather will be of great benefit to the wheat crop over the county.

Style Show Will Be Staged at WT by Local Church Thursday

Modeling in the Spring Fashion Show to be held, Feb. 26, at 8 o'clock in the College Auditorium will be Miss Dale Bolton, West Texas State sophomore. She is the daughter of Mr. and Mrs. Fox Bolton of Turkey.

Dimmitt Protest Against Eagles Hearing Heard

Supt. R. S. Vestal of the Dimmitt schools has filed a protest with the Interscholastic League officials at Austin against the Canyon Eagles being declared winners of the district championship.

A hearing has been set for Wednesday afternoon at 2 o'clock in Austin. Principle J. E. Miller left Tuesday afternoon for Austin to represent the Canyon schools in the protest.

This is the second protest which has been filed against the Eagles by Dimmitt. The District Committee heard a protest at Amarillo on January 28 at which time the Dimmitt superintendent charged that Canyon had played in four tournaments this year. The Interscholastic League allows teams to participate in three tournaments.

At this meeting Canyon school officials stated that the Eagles had played the first team in three tournaments, but that in the Tulsa tournament no member of the first string was taken to the tournament and none of the first string men played. It was simply a matter of taking the second string men to Tulsa.

Superintendents from, Dalhart, Dumas, Hereford and Tulsa heard the case and unanimously decided that the Eagles had violated no rule.

On Feb. 17 Mr. Vestal filed a complaint against the Canyon team in Austin.

On Feb. 21 notices were mailed from Austin to all superintendents of this district informing them of the complaint and setting the hearing for Wednesday, Feb. 25. In the absence of Supt. E. A. Wooten, Mr. Miller is making the trip to Austin.

The Eagles defeated Dimmitt in the district tournament Saturday and will represent the district in the regional meet next Saturday unless the State Interscholastic League rules against the team.

Several Boys From Randall Entered in Cowboy Contest

A contest is underway in Amarillo seeking to find the most typical youthful cowboy in the Panhandle. Pictures have been run daily of entries as received.

The 12 boys who are winners of the daily contests, according to pictures entered, will make personal appearances in Amarillo and be in the final judging contest. The grand prize will be a horse and saddle, given to the most typical youthful cowboy.

Final entries in the picture contest will be Friday, and the 12 who will compete for the grand prize are to be announced Sunday.

Mr. and Mrs. J. C. Dowd were called to Van Alstyne, Saturday to the funeral of one of Mr. Dowd's cousins. Sunday they spent the day with their daughter, Miss Martha Jean, in Kaufman where she is teaching school.

O. W. Parker returned Monday from Independence, Mo., where he went to be with his father who is ill.

Latest Spring Fashions Will Be Shown Here

The latest showing of spring styles will be seen here Thursday evening, when the Spring Fashion Show gets underway at 8 o'clock at West Texas State College. The show is being sponsored by the All Saints Protestant Episcopal Guild of Canyon.

Besides the showing of clothes, there will be specialty showings of shoes, jewelry, hats and coiffures in each of the four acts. M. Spicer Jewelry Company of Amarillo is showing a beautiful diamond wrist watch valued at over \$1500, and a diamond ring in a solitaire setting with a baguette diamond on either side. These stunning pieces will be modeled by Martha Nell Burton.

Irene's Beauty Shop and Evelyn's Beauty Shop will present spring coiffures. Evelyn's Beauty Shop will feature hair styles for children, modeled by little Miss Nancy Geneine Bechtold.

McDonald's Shop is showing sister dresses modeled by little Miss Debra McDonald and an older girl.

Other merchants who are participating in the show are T. A. Black and Warren's of Canyon; White and Kirk, Blackburn Brothers, Una Hutcheon Millinery at Blackburn Brothers, Kuykendall's, Gordon Style Shop, Marizon, Marizon Shoe Salon, Kline's, Hollywood Dress Shoppe, Diamond Shop and Zale Jewelry Company of Amarillo.

Special dance numbers will be from the Dixie Dice School of Dancing. Tickets are now on sale by members of the Guild, and at Joyner Motor Company, Bob's Coffee Shop and Randall Motor Company, and may be purchased at the door Thursday night. Admission is \$1.00.

William A. Moore of the W. T. Speech Department will be master of ceremonies.

Mrs. Charles W. Martin is chairman of the fashion show committee.

Red Cross Will Begin Drive for Funds March 1

March 1 has been announced as the opening day for the Red Cross drive for funds in Randall county, and the drive will continue through March 31. Quota for the campaign has been set at \$2,000. Mrs. C. O. Elkins, county chairman, stated.

Also serving on the committee are Levi Cole, Mrs. T. H. Knighton and Mrs. R. A. Neblett, and every citizen of Canyon and Randall county will be invited to join the Red Cross.

Booths will be located at various points downtown and at the schools, and house to house canvass will be made in the residential section.

During the past year the local chapter has contributed in many ways to the Veterans Hospital in Amarillo, and this including the upholstering of furniture and providing new pillows as well as donations toward the theater for the patients. Programs are presented for the veterans at given times, sponsored by the local group.

The Canyon chapter has reached its quota of packages sent overseas, and several local women are training as Gray Ladies. These women perform many services, such as acting as hostesses, serving as escorts and making personal visits to the wards, distributing supplies, doing errands for the patients and planning entertainment.

Eight Teams Will Play in Regional Tournament Here

The regional basketball tournament at Burton Gym Friday and Saturday will bring the eight best teams of the Panhandle into competition.

The following teams will participate: Floydada, Levelland, Ralls, Dimmitt, Memphis, Sudan, Perryton, Canyon.

Representatives of the eight schools met here Monday and arranged for the tournament.

The Eagles will meet Perryton Friday night in their first participation of the meet.

Bank Will Be Closed March 2

The First National Bank will be closed all day March 2, in observance of Texas Independence Day, according to an announcement made by W. C. Black, yesterday.

Residents of Canyon and vicinity are requested to take care of their banking business before that date.

Mr. and Mrs. N. T. Dickerson and sons, Carroll Wray and Don Gay, will leave Thursday to make their home in Winter Garden, Fla. Another son, Gordon Lynn, has been in Winter Garden for some time. They have sold their home in Canyon.

AIR MAID NYLON HOSE CITY DRUG

Editorials

Let's try a little stunt and see how we come out. Get a notebook and pencil, and walk around Canyon, up and down the streets and alleys; view the vacant lots, and write down your criticisms of everything that you see which is wrong. Don't be chicken hearted. View all of the ugly spots, and list them as a shame and disgrace to a growing town like Canyon. After you get all of the results, go home and shut yourself up to ponder your findings. Don't be charitable with your neighbors, but decide what you would do about conditions if you owned the property that you viewed, and how you would correct the criticisms that you had listed. After you get through with your investigation, then go out and be as critical of your own property as you were with conditions around your neighbor's property. Don't excuse yourself any more than you excuse the negligence of your neighbor. The results? Chances are that if 500 home owners in Canyon will follow this advice we shall have 500 homes greatly improved in Canyon this spring. If 1,000 home owners in Canyon will get out and carefully examine the town, chances are that we shall have about 1,000 homes showing great improvements as soon as spring comes. Right now is a good time to make this test. Canyon looks very, very seedy just now, following a rather hard winter. Certainly Canyon is not a pretty place, but looks very drab as the results of the wear of winter. If you have good eyesight you can see a lot of things that need improving in every section of town. We make this suggestion now, before spring starts. Planning now while you can see the need of improvements, will make it easier to start when work is possible in the spring.

President Truman insists on the Fair Practice Act, which makes the Democrats of the South threaten to quit the party. Under this insane bill you would be forced to hire the first person who showed up for a job, regardless of color. Much confusion would result by following this law, with Negroes filling the places which were cut out for whites; and whites doing work which is now done by blacks. Southern Senators promise a filibuster. Since this is presidential election year, and since the black vote holds the balance of power in nine critical states, you may be sure that President Truman is for the law, even if he may have his tongue in his cheek while advocating race equality. Southern Democrats have no choice; either take Truman, who has a chance to win, or swallow a Republican or Henry Wallace, who is more radical than Truman.

The decline of commodity prices has taken a half million dollars or more out of the pockets of Randall county farmers. They held their wheat, hoping for more favorable marketing conditions in 1948. So far they misguessed. It is true that farmers can still get a good price for their wheat and live stock, but it burns them up to see living costs continue to rise while their income is being cut. Organized labor indicates that it will continue its demands for more wages, in spite of potential reductions in the cost of living, which have been made possible by the reduction of commodity prices. So far the labor leaders have disregarded any effort to lower the cost of living so that their dollars would go farther. Another increase in labor costs will mean an increase of manufactured articles, and there is no way to defeat such advances.

The boom-bust policy in America is well understood by all interested in history. To avoid the destruction of such a policy is the duty of every American citizen. Whether we have started on the down grade period following the wartime boom is a debatable question. The only sensible thing to do in times of stress is not rock the boat, or go off the deep end in a frantic struggle to hold wartime prosperity. Any sensible person knows that when prices hit the ceiling they must come down. All we are fearful of is that they will stop at the floor, and not go to the basement. Witness 1929 and following years.

Twenty-three states now impose a general sales tax. Whether we like it or not is beside the question. The next tax imposed in Texas will be a general sales tax. It is being advocated by many people as the only means of getting additional money to pay the increased cost of government. It is unlikely that the federal government will ever consider a general sales tax, but will continue the selective sales tax on many items of everyday life. Well Henry Wallace has rather jolted the brass collars within the Democratic party by electing to Congress his man in New York. This is simply a notice to Democratic leaders to be on their toes, or Henry may get more votes in November than now anticipated. Nothing succeeds like success. One Congressional race does not set the pattern, but it certainly gives the Republicans a lot to brag about.

We see where an individualist manufacturer is determined to quit being the strong arm of Uncle Sam and has refused to collect the withholding tax from employees. In this instance the boss is a woman. Maybe the government furnishes nicer jail accommodations for women than for men. At least we are not so independent.

Deflation always hurts. We do lots of howling about inflation, but facts are while prices are soaring everyone seems to have more money and enjoy life more than during deflation periods.

Here the second month of 1948 is just about to kick out. Can you imagine a year passing so rapidly?

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

OUR DEMOCRACY—by Mat THE FIRST STEP

THE MOMENT WE SIT DOWN WITH OUR SEED CATALOGS OUR GARDENS BEGIN TO GROW. WHILE IN OUR MIND'S EYE WE SEE PLANTS IN LUXURANT GROWTH, FRUIT HEAVY ON THE VINE — ACTUALLY WE ARE TAKING THE FIRST STEP IN MAKING A GARDEN.

THE FIRST STEP—PLANNING—is important. BUT IN LIVING AS IN GARDENING, THERE IS MUCH WORK TO BE DONE BETWEEN THE PLANNING AND THE ACCOMPLISHMENT. WE SET A GOAL FOR THE FUTURE SECURITY OF OUR FAMILY THROUGH LIFE INSURANCE AND SAVINGS, BUT TO REACH THAT GOAL TAKES WORK, SELF-DENIAL AND DETERMINATION.

What's your guess? How many people live in Canyon? The rash of guessing breaks out every week, but no one seems to know just how to start guessing on population. And it will be two years before Uncle Sam makes the official count in Canyon.

No wonder the nation is suffering from fuel shortage. Just consider the increased consumption of oil and gas in all parts of the nation. Increasing the number of customers takes more motor oil, fuel oil, gasoline and natural gas.

Since the Irish are Irish, and no one understands the Irish—not even an Irishman, we have long wondered how De Valera has been able to hold his post for 16 years. He has finally been deposed. Only an Irishman can tell you what to expect. The rest of us can only guess.

These "successful social experiments" always depend upon the good old American Free Enterprise Dollar for their success.

Did you ever see a sign on the back of a picket worded: "We want to work harder so we can make more money?" No, not by a long shot.

New dollars of aid for Chiang Kai-shek in China, soon to be voted by Congress, are expected by high officials to disappear without leaving much trace, as other large donations and loans of dollars have done. Military officials insist that it will take billions of U. S. dollars and large numbers of U. S. troops actually fighting in China to straighten things out so that Generalissimo Chiang can regain his hold over more of China.

Relations between President Truman and his party's leaders in Congress never were more strained than they are now.

George Marshall, Secretary of State, has jolted the Army and some of his top aides with his decision that the State Department on July 1 will take over administration of Germany. This decision was made without prior consultation at lower levels or with officials, including Robert A. Lovett, Under Secretary of State, against it.

A price of wheat ranging between a low of \$1.20 and a high of \$2 a bushel is being used by U. S. and other experts as reasonable over the next four years. Plans for dividing up the world's wheat are being discussed on this basis by 30 nations represented at the wheat conference now under way. Wheat still sells in U. S. for around \$2.60 a bushel.

The break in grain prices caused almost as much excitement in Congress as in the commodity markets. Most Congressmen were making their political plans on the assumption of a continued boom. Now they are wondering whether they will have to face the voters in a period of declining business activity and rising unemployment. The situation has left them somewhat baffled.

Mr. Truman is under increasing military and diplomatic pressure to get U. S. out of the commitment to support a Jewish state in Palestine in any way that he can. It turns out that the advice the President received from top advisers on the trouble-making abilities of the Arabs far underestimated those abilities.

Feller, our new little dog, has been taken in charge of by Gen. and Mrs. Graham. You see I am away too much—out of the city—to take over that job, and Mama put her foot down. She said flatly: "I will not raise that dog."—Margaret Truman.

The most common impediment in the speech of children is bubble gum.

LOOKING FOR THE FOUNTAIN OF YOUTH?

Throughout the ages men have been seeking the Fountain of Youth.

Maybe we'll find it some day. Certainly scientists and doctors have already greatly lengthened our life span.

If we only could find it and have eternal youth, it would save us a lot of trouble. We'd never have to plan for old age—because we'd never grow old.

But meanwhile all of us still face the problem of economic security for the future.

For most of us the only solution is regular saving. And there is no better, safer, or more painless way to save than through the automatic purchase of U. S. Savings Bonds on the Payroll Savings Plan.

Ask about it where you work. Or if you are in business or a profession ask about the Bond-A-Month Plan where you bank.

After you sign up, the money saves itself—and every \$3 becomes \$4 at the end of 10 years.

And what's more, even if you had that Fountain of Youth, the money you'd save would be great for emergencies or for things like that new home, or the children's education.

So even if you think eternal youth is just around the corner, joining one of the Bond Plans today is a wonderful idea for getting the things you want.

Wiley-Woods Marriage Vows Are Exchanged in Ceremony at Wheeler

MRS. E. W. WOODS

Miss Patricia Ann Wiley, daughter of Mr. and Mrs. H. M. Wiley of Wheeler, became the bride of E. W. Woods, son of Mr. and Mrs. E. W. Woods of Santa Barbara, Cal., recently, at the home of the bride's parents.

Rev. S. Y. Allgood, pastor of the Wheeler Methodist Church, read the double ring ceremony. Miss Celeste Wiley, sister of the bride, was maid-of-honor, and Dick Woods of Canyon was his brother's best man.

The bride, given in marriage by her father, wore a tan crepe street length dress fashioned with a sheer bodice, lace yoke and wide sash belt. Her corsage was of pink gardenias.

Following the ceremony, a wedding breakfast was held. The tiered wedding cake, decorated in pink, white and tan, centered the breakfast table, which was laid with a

white lace cloth over pink silk. Miss Edna Helen Farmer and Miss Iris Conner, lifelong friends and classmates of the bride, served the breakfast and coffee. Mrs. H. S. Hutchins, III, sister of the bride, served the cake.

Mr. and Mrs. Woods are at home at 1907 Fifth Ave., Canyon, where they are both enrolled as students at West Texas State College.

White House alibi experts are working feverishly to come up with a reasonable explanation for the failure of the American aid mission in Greece. Administrator Dwight Griswold will return next week and report that U. S. efforts to influence Greek government officials and labor group have backfired. Griswold will also tell Truman the whole program has become such a dismal failure that all U. S. aides assigned to the project will probably quit at the earliest possible moment.

The mystery of U. S. Marines in Tripoli has begun to clear. It is just one part of joint British-American plan to keep troops in all strategic places as a military throttle on any possible Russian use of armed forces for any political coup in eastern Europe.

When the patient asked the doctor how he ever could repay him the doctor replied: "Check, money order, or cash."

Only One is No. 1—

Only Chevrolet Is First!

Meet the new standard of Big-Car beauty! It's here, in Chevrolet's Bodies by Fisher—finest bodies made—available only on Chevrolet and higher-priced cars.

You'll enjoy Big-Car performance, too, when you own a Chevrolet; for it brings you Valve-in-Head engine performance, found elsewhere only in more expensive cars.

You'll find Chevrolet rides more smoothly on all types of roads due to the famous Knee-Action Ride; and, of course, Knee-Action is found only on Chevrolet and costlier cars.

Keep your present car in good running condition by bringing it to us for skilled service, now and at regular intervals, pending delivery of your new Chevrolet.

CHEVROLET and ONLY CHEVROLET IS FIRST!

IMPERIAL CHEVROLET COMPANY

Southwest Corner of Square

Canyon, Texas.

Citizen: "Look here, what's the idea of parading down Market Street with a gun? You haven't been elected sheriff."

General Lucius Clay, U. S. military ruler of Western Germany, is not at all happy about the prospect of losing his job to a civilian on July 1. General Clay, as U. S. "pro-consul" in the defeated Reich, has exercised great power.

Wife (to husband reading): "I want to do some shopping today if the weather permits. What does the paper forecast say?"
Husband: "Rain, hail, sleet, snow, thunder, lightning, and fierce winds."

BUY 1948 MOTOR VEHICLE LICENSES EARLY!

Your license plate can be put on at the time of purchase (not March 1st, as in previous years).

Farmers may register truck-tractors as farm trucks this year.

Cars with out-of-state licenses must have 1947 Texas tags before 1948 tags will be sold for the cars, if the cars are registered any time before April 1st.

All vehicles must bear 1948 tags before April 1st, 1948.

Sylvia Colwell Becomes Bride of Harry Brown, Jr.

Miss Sylvia Marie Colwell, daughter of Mr. and Mrs. J. V. Colwell of Alice, became the bride of Harry A. Brown, Jr., son of Dr. and Mrs. H. A. Brown of this city, Feb. 21, at 11 a. m., in the First Presbyterian Church, Amarillo.

The single ring ceremony was performed by Rev. Francis W. Pritchard, pastor, as the couple stood before the altar which was lighted by tall tapers in candelabra.

Nuptial selections included, "Clare de Lune" by Debussy, and the traditional wedding march, "The Lord's Prayer", Malott, formed the musical background for the exchange of vows.

For her wedding the bride chose a suit of soldier blue gabardine, and her accessories were of palomino suede, with pink hat and gloves.

Mrs. Brown was graduated from Phillips High School where she was a member of the Sub Deb Club, and was past worthy advisor of the Order of Rainbow Girls. She is also a member of the Eastern Star. She is enrolled at present as a member of the Senior Class of West Texas State College, where she is affiliated with the Delta Zeta Chi sorority. She was a College Beauty of 1945.

Mr. Brown attended Canyon Schools and was awarded the American Legion Scholarship in his Senior year. He served with the U. S. Navy for three years, and is also a Senior at West Texas State, where he is a pre-medical student. He attended Texas Tech at Lubbock for one year.

The couple will be at home at 1010 Seventh Ave.

Recent guests in the home of Mr. and Mrs. John Brandt were Mr. and Mrs. William Welter of Blair, Neb. Mr. and Mrs. Welter accompanied by Mrs. Brandt left Tuesday to visit with relatives in Austin.

JAMES L. RUSSELL IS WOMAN'S CLUB SPEAKER

Dr. James L. Russell, Professor of Education at West Texas State College, was guest speaker at the bi-monthly meeting of the Woman's Book Club, Feb. 18, in Thompson Club Room.

The program was offered in three parts: an introduction to the subject of mental health, by Mrs. Ray Cole; a discussion of the positive and negative aspects of mental health, by Dr. Russell, and a question-answer discussion with the audience participating.

Dr. Russell emphasized the factor of maintaining good physical health as a basis for good mental health. Other factors discussed were: self-insight, guidance, having friends, the formation of hobbies and satisfaction of a chosen vocation.

Members present were: Mesdames Ben Beck, H. A. Brown, Wm. Brune, Ray Campbell, A. A. Clark, Ray Cole, S. H. Condon, James P. Cornette, C. M. Dowlen, Walter Graham, J.

Evetts Haley, Joe Findley, S. L. Ing-ham, S. B. Loudder, Clyde McElroy, C. A. Murray, R. A. Neblett, W. T. Oliver, J. W. Reid, Mary Silgar, Irving SoRelle, Fred Standley, A. W. Sternberg and Miss Mae Sim-mons.

PRISCILLA MEMBERS HOLD ANNUAL LUNCHEON

Annual luncheon for members of the Priscilla Club was held in the home of Mrs. J. J. Walker, Thursday at 1 o'clock. Each guest brought a covered dish, and Mrs. Evetts Haley provided the turkey for the occasion.

Present were: Mrs. Hud Prichard, Mrs. I. F. SoRelle, Mrs. J. L. Duflo, Mrs. S. B. Loudder, Mrs. Evetts Haley, Mrs. Alfred Bellah, Mrs. Virgil Henson, Mrs. E. D. Walker, Mrs. T. H. Knighton, Mrs. Clyde McElroy, Mrs. C. M. Presley, Mrs. C. M. Dowlen, Mrs. Ernest Brown, Mrs. J. Madison Daugherty and the host-ess.

Help Keep Canyon Clean!

BUSINESS WOMEN MEET WITH MCINTIRE AND MAYFIELD

On Wednesday evening, February 18, members and guests of the Business Women's Bridge Club met in the home of Mrs. N. E. McIntire with Mrs. Berl Mayfield as co-host-ess.

During the social hour the host-esses served delicious cherry pie with whipped cream, salted nuts and coffee to the following guests and members: Mrs. Bob Parsons, Mrs. R. E. Ball, Mrs. W. O. Parker, Mrs. T. E. Beard, Miss Irene Angel, Miss Mildred Middleton, Miss Lou Ella Patterson, Mrs. Pat Shepherd, Mrs. K. E. Frieze, Mrs. C. R. Flesher, Mrs. Clay Cooper, Mrs. Faye Can-nedy, Mrs. Joe Baber, Mrs. Guy Ta-bor, Mrs. Cecil Simms, Mrs. Paul Rogers, Mrs. Jack Taylor, Mrs. Bob Orton, Mrs. Felix Pierce, Dr. Leta Boswell.

High score was won by Mrs. Parsons, low by Miss Middleton, and deuce by Mrs. Taylor.

"OLD TIME" COSTUMES ARE WORN TO PARTY

Mrs. J. D. Barker was hostess when she entertained members of the 1925 Bridge Club in her home Wednesday afternoon. Guests were attired in "Old Time" costumes which were worn from ten to twenty-five years ago. On display were two magazines, one dated 1902 and the other, 1911, showing styles of those years.

At the refreshment hour the host-ess served a salad course with individual cherry pies and coffee.

Guests were: Mrs. J. L. Duflo, Mrs. Hud Prichard, Mrs. George Nance, Mrs. Glenn Dowlen, Mrs. J. J. Walker, Mrs. W. A. Miller, Mrs. Frank R. Phillips, Mrs. W. A. Warren, Mrs. R. N. Barnett, Mrs. A. G. Kieselbach, Mrs. Newton Crain, Mrs. J. Madison Daugherty and the host-ess.

MOTHER-IN-LAW CLUB WILL MEET MARCH 4

The Mother-in-Law Club will meet in the home of Mrs. Will Meyers, 1001 Third Ave., on March 4, at 3 p. m. All members are urged to be present. Guests will be the national and local presidents of the Mother-in-Law Club of Amarillo.

Each member is requested to bring three 5 cent pocket combs for Boys Ranch. There are one hundred boys at the ranch at the present time.

Rev. B. E. Bollman Tells Experiences In the Philippines

Rev. Benjamin E. Bollman spoke at the Canyon Rotary Club luncheon Tuesday on his experiences in the Philippine Islands after the Japanese invasion. Rev. Bollman and his family were missionaries in the Islands for 13 years, serving under the Presbyterian Foreign Missions Board.

The Philippines are termed the "Pearl of the Orient." There are 7,083 islands, about 2,300 of which have not been named, and many with only a square mile of land. All of the islands have an area less than half that of Texas.

Catholicism has been the predominant religion since the Spanish occupation in 1913. The United States won the islands in 1898, and the American flag has flown over the island for 45 years, until July 4, 1946 when independence was granted. No nation has such a liberal policy toward its possessions as America. Four distinct contributions were made to the Philippines by America, according to the speaker:

1. A Democratic form of government.
2. A school system patterned after America. Between 300 and 400 American school teachers went to the islands in 1906-7 and set the pattern. There are 87 different dialects spoken in the Islands, with about one-third of the people speaking English.
3. America gave the islands a good health and sanitation program.
4. America introduced Protestant Christianity in the islands. Before 1898 it was a criminal act to possess a Bible. Today 4% of the population are Christians; while in China 3% and in Japan 2% of the people are Christians. Unification of Protestant Churches has rapidly improved the work of the missionaries.

The people are gracious and liberal. At Christmas time in 1943 the natives and Chinese business men gave the missionaries and other nationalities about a half million dollars.

When the Japs landed in December 1941, General McArthur stated that American troops could hold the islands. The speaker told of the dismay among the people as they realized how inadequate was the American military strength on the islands. For 3 1/2 months the Bollmans and others hid in the mountains, but were advised to surrender. They were held for two months as prisoners, but released to work with other missionaries in Manila. They were given a semblance of freedom in order that the Japs make a good impression. When the American troops advance in July, 1944, they were reintegrated. For three months missionaries of all denominations were together in camp, working for good of the whole group. Their supplies were low, with only 500 to 800 calories of food per day. Many of the older persons in the group died. On Feb. 23, 1945, paratroopers, assisted by native forces took the camp and liberated the missionaries. 2140 prisoners were freed, without the loss of a single life. Guests were: L. B. Pinkerton, For-

Men's Day To Be Observed Sunday By Presbyterians

The Presbyterian Church will join with Presbyterian churches throughout the country in an observance of Men's Day, Sunday, Feb. 29. Presbyterian men were organized into a National Council at a meeting in Chicago, February 12-14. President of the Council is Dr. Charles J. Turck, President of Macalester College, St. Paul, Minnesota.

On the National Committee for Men's Day are three state governors. Chairman of this committee is Alfred E. Driscoll, Governor of New Jersey, and also on the committee are James H. Duff, Governor of Pennsylvania, and Ralph F. Gates, Governor of Indiana.

Amarillo Presbytery was represented by Judge Harry Schultz at the formation of the National Council in Chicago. He will report on this meeting at the Spring meetings of Amarillo Presbytery in Canyon April 22-23.

Virgil Martin is the local representative of this Layman's organization. All the men of the Presbyterian Church and their friends are cordially invited to attend this special Men's Day Service at 11 a. m. on Sunday.

Mr. and Mrs. Murray Boston and son, Eugene, Mrs. C. O. Cooper and Mrs. Faye Kennedy visited Sunday with relatives and friends in McLean and Panhandle.

Mr. and Mrs. Rhome Mobley and Mr. and Mrs. Silas Hart visited Sunday in Plainview.

Miss Claudine Foster spent the week end in Enid, Okla., as the guest of Miss Mary Smith, her room-mate while attending the School of Nursing in Amarillo.

Mr. and Mrs. Jim Hill and children of Wichita Falls spent the week end visiting in Canyon in the home of her parents, Mr. and Mrs. R. E. Foster.

Mr. and Mrs. G. R. Marcom of Levelland spent the week end visiting in the home of Mr. and Mrs. C. H. Stratton. Mrs. Marcom is a sister of Mrs. Stratton.

Mrs. Florence Fogerson and Mrs. Ware Fogerson and children of Silverton visited in Canyon one day recently with Mrs. Addie McElroy.

E. J. Larson is a patient in North-west Texas hospital in Amarillo. He underwent an operation on his right knee, and it will be several weeks before he is up and about again.

Mrs. Mattie V. Dunaway will return to Canyon Thursday from Amarillo where she has spent the past week following an eye operation.

Some Folks Don't Like the New Look

Research Teams Probe Far North

Arctic Institute Director Tells of Varied Goals In Explorations.

MONTREAL. — The far northern regions of Canada may contain valuable mineral deposits, at the same time providing a fertile field for scientific research by the Arctic Institute of North America, the organization's director said at an interview here.

At the institute's headquarters in the McGill university medical building, Dr. Albert Lincoln Washburn, of New York, 36-year-old graduate of Dartmouth college and Yale university, told of the work it is doing and of the problems that remain to be solved.

The institute was founded in 1944 by representatives of Canada, the United States, Newfoundland, Labrador and Greenland, who came to the conclusion that if scientific research in the Arctic was to be carried out in a systematic, coordinated manner, a central bureau of planning and information would be necessary.

Helped by Grants.

While the institute was launched with the aid of grants from national research councils of Canada and the United States, it now is financed largely from private sources.

Briefly, objects of the institute are to "encourage the objective study of Arctic conditions and problems; to collect records relating to the Arctic regions and to make them available for pure and applied scientific use, and, finally, to maintain close contact with other institutions and organizations engaged in similar or related fields of study."

"Geologic investigations are important," said Dr. Washburn. "It is not unreasonable to suppose the North may hide valuable mineral deposits, such as those known in more southerly regions."

Discovery and successful exploitation of northern mines already producing uranium and gold "indicate the possibilities," he said.

There is also need for establishment of additional weather stations in the Far North, Dr. Washburn asserted, since that is the area where much of southern Canada's weather originates. A detailed study of Arctic waters is likewise considered of practical importance, because ocean currents have a direct bearing on climate and fauna.

Many Problems.

Other problems for institute workers include determination of the exact location and extent of the northern magnetic pole; research on ionospheric and cosmic rays, which affect radio transmission; studies affecting commercial fisheries, particularly those of southern Alaska; studies of organisms inhabiting permanently frozen soils; determination of the best grazing grounds for reindeer, and studies of the physiology of the man of the North.

Dr. Washburn has accompanied three research expeditions to the Far North, and has passed one winter and several summers doing geologic field work in the Canadian Arctic.

His assistant is P. D. Baird, a graduate of Cambridge university, who directed "Exercise Musk-Ox" — the expedition carried out by the Canadian army and air force to prove that modern vehicles can traverse Arctic lands in winter and that air support can operate successfully in support of the moving ground party.

Find More Radium in Black Market, Officials Disclose

BERLIN, GERMANY. — United States army investigators have seized in the German black market 12 or more milligrams of radium which they value at about \$150,000, bringing their seizures of this precious element within a week to about \$750,000 worth, it was disclosed.

They also arrested a Frenchman who they believed may be able to disclose the source of the radium. Agents seized radium and radioactive mesothorium estimated to be worth more than \$600,000. The confiscations were accompanied by the arrest of 20 Germans and a Dutchman who were trying to sell the metal.

Russian controlled newspapers quoted German police reports that the radium might have been stolen from Berlin's Kaiser Wilhelm Institute laboratories.

Advance Payments Ordered For Training on the Farm

WASHINGTON. — Veterans' administration said that it had authorized advanced payments of instruction costs to veterans' training institutions on farms, which are in need of funds.

The agency now authorizes advance payment of 75 per cent of the estimated tuition, fees and other farm training expenses of approved state institutions, for four month periods starting in March, July and November.

Veterans' administration will pay the remainder of the costs at the end of each instruction period. Previously the institutions had to wait until the end of each instruction period for their money.

Stone Age Jungle Will Be Explored

Scientists to Investigate Primitive Aborigines Of Australia.

WASHINGTON. — Scientists of two nations are preparing for a hazardous expedition among the Stone Age wild men and animals of a little known corner of Australia. They will visit Arnhem Land, a region of tropical swamps and dense forests the size of Maine, in northern Australia east of Darwin.

There, despite a long-standing ban against white men, the scientists will try to get along with and learn something about a race whose members are "true Stone Age wild men" dwelling among "stone age birds, beasts and reptiles."

Announcement of the expedition, a joint U. S.-Australian venture, was made by Dr. Gilbert Grosvenor, president of National Geographic society.

The society and Smithsonian institution will join with the Australian government in carrying out the project. Leader of the expedition will be Charles Percy Mountford of the South Australian museum at Adelaide.

Inaccessible Territory

No automobile trails exist in Arnhem Land, which never has been mapped except by air. So the expedition will approach by sea and work inland up the jungle rivers or more arduously by foot.

Only recently have the natives of Arnhem Land—which was named for the vessel of its Dutch discoverers in 1628—been "absolved to some degree of a mythical reputation as bad men, killers and cannibals," the geographic society said.

They now are believed to be generally friendly, although "extremely wary and difficult to approach by strangers."

And though these natives "can be warlike on slight provocation," they are militarily backward. They never heard of the bow and arrow. They use in war the same wooden spears and throwing sticks they use in hunting.

The only white men permitted to remain on the fringes of Arnhem Land are a handful of missionaries. Their missions were set up early in this century. A few exploring parties have penetrated inland, but they produced little data of scientific value.

Natives Are Primitive Beings.

Because Australia long ago was cut off from the rest of the world, its natives — animal and human — are among the planet's most primitive beings. So the expedition will study mammal, fish, insect, plant and marine as well as human life. The terrain is so difficult that only the nomadic natives, living the same way as did their ancestors of thousands of years ago, "are geared for travel" in Arnhem Land, the society said.

Polar Bear Escapes, Chases Zookeeper to Top of Cage

PORTLAND, ORE. — A full-grown polar bear romped for almost an hour inside the Washington park zoo's main cage room, trapping Supt. J. L. Marks atop a cage after sending four tourists scurrying for safety.

The 700-pound beast was lured into its cage with a meaty bone by zoo tender William Clark, who earlier had outdistanced the bear in several turns around the octagon-shaped main zoo building.

Clark explained the bear broke a padlock on an outside cage door. The first that the zoo keepers realized the animal was free was when several tourists pointed frantically toward the main zoo doors. There, Clark said, the big animal was—calmly looking into the building.

When Clark sought to distract the animal, the bear started to chase him around the building.

WCTU Wants to Withhold All Grain From Liquors

WASHINGTON. — Mrs. D. Leigh Colvin, president of the national Women's Christian Temperance union, is urging the complete diversion of grain from the manufacture of alcoholic beverages to production of meat and other scarce foods.

In a statement made public by the W.C.T.U., Mrs. Colvin said that distillers and brewers "are being allowed to waste grain at a rate sufficient to produce the equivalent of 3,750,000 hogs weighing 240 pounds each annually."

"Contrary to what the booze makers would have the public believe," she said, "every kind of grain used in liquor or beer is good for food or livestock feed. Any waste of grain for drink while the nation's housewives and the people of other nations struggle for food is unthinkable."

'Pain Killer' Developed For Quick Relief Anywhere

LONDON. — A "pocket pain killer," which can be used safely by unskilled people, is described in the Lancet, British medical magazine.

The device is a small inhalator containing "trilene," a chlorine compound. A plunger breaks the glass and the gas is vaporized, emerging through a nozzle to ease the sufferer's pain.

Sunday visitors in the home of Mr. and Mrs. H. E. Campfield were Mr. and Mrs. W. R. Greener and family of Spearman, Miss Doris Matney of Amarillo and Mr. and Mrs. Eugene Bond. Mrs. Greener is a sister and Miss Matney a niece of Mrs. Campfield.

Miss Mary Lee Abbott of Borger spent the week end visiting with friends in Canyon.

Mrs. Bertie Strain has returned home from Amarillo where she recently underwent a major operation.

Mrs. F. E. Smith left this week to visit her daughter in Winter Garden, Fla.

MISSION COMPLETED

A lady was observed passing thru a hotel lobby several times. Finally a polite sailor stepped up to her asking: "Pardon me, but are you looking for some particular person?" "I'm satisfied if you are," she replied.

FRIENDS TELL FRIENDS...
GET THE SERVEL GAS
REFRIGERATOR

STAYS SILENT LASTS LONGER

because it freezes with no moving parts

More than 2,000,000 owners will tell you, "Pick the famous Servel Gas Refrigerator. It stays silent, lasts longer."

For Servel has an amazingly different, simpler freezing system—with no moving parts. No machinery that can wear or get noisy. Just a tiny gas flame does the work. So you'll never hear a whisper, you'll never have a moment's worry about wear or repair. Come see the new Servels today.

EVERY NEW CONVENIENCE, TOO

- ✓ Big frozen food compartment
- ✓ Plenty of ice cubes in trigger-release trays
- ✓ Plastic-coated shelves adjustable to eleven different positions

Dates Which Will Be Observed in Texas During Political Campaign

Potential political candidates and the voters who take more than passing interest in presidential year election matters will want to mark down quite a few dates on their calendars.

Mar. 10: Last day for tax collector to furnish county clerk statement showing poll tax receipts issued.

March 31: Last day for tax collector to deliver list of voters to election boards.

May 17: Last day for filing as candidate delegates to presidential county conventions.

May 24: County convention meets at 2 p. m. to elect delegates to presidential state convention.

May 25: Presidential state convention meets to select delegates to the national convention (this year in Brownwood).

June 7: Last day for filing as candidates for United States senator and for state offices.

June 14: State executive committee meets to prepare official state ballot.

June 19: Last day for filing as candidates for county and precinct offices.

June 21: County executive committee meets to plan July primary and July precinct conventions.

June 24: First day for filing campaign expense statements.

June 26: Last day for candidates to pay filing fees.

June 28: County primary committee makes up official ballot for July primary.

June 28: Last day for filing first campaign expense statement.

July 4: Absentee voting begins for first primary.

July 12: First day to file second campaign expense statement.

July 15: Last day for filing second campaign expense statement.

July 19: Last day for applying for change of residence on voting lists.

July 20: Last day for absentee voting for first primary.

July 24: Primary election day, 8 a. m. to 7 p. m.

July 24: Precinct conventions to name delegates to county convention.

July 29: First day to file campaign expense statements for second primary.

July 31: County executive committee meets to declare nominees of first primary and prepare runoff ballot.

July 31: County convention meets to name delegates to state convention in September.

Aug. 2: Last day to file campaign expenses for second primary.

Aug. 3: Last day to file complete statement of first primary expenses.

Aug. 8: First day of absentee voting for second primary.

Aug. 9: State executive committee meets to canvass returns of first primary.

Aug. 16: First day to file second statement of second primary campaign expenses (last day is Aug. 19).

Aug. 23: Last day for obtaining residence transfers on voting lists.

Aug. 24: Last day for absentee voting.

Sept. 7: Last day for candidates and campaign managers to file final campaign statements.

Sept. 13: State executive committee meets to canvass election returns

and make temporary list of delegates to state convention.

Sept. 14: State convention meets at 10 a. m. (in Fort Worth this year) to declare nominees and adopt party platform.

Oct. 13: Absentee voting for general election begins (last day Oct. 29).

Nov. 2: General Election.

Your Car Weighs About 15 Times Average Pedestrian

"Don't throw your weight around," advises George Clarke, managing director of the Texas Safety Association.

"Remember that when you are sitting behind the wheel, you are driving a car that weighs more than 2000 pounds, and the pedestrian crossing the street only weighs an average of 150 pounds. It isn't quite fair, is it?"

The Texas Safety Association is cooperating in a nationwide "Know and Obey Traffic Laws" program during February, and Clarke said that accidents involving pedestrians are one of the biggest killers. He pointed out National Safety Council statistics to back up this assertion.

Pedestrians at intersections account for 28 per cent of all urban fatal accidents, and 35 per cent of all fatal accidents are non-intersection pedestrian mishaps. In addition, 27 per cent of all pedestrians killed in cities were crossing at intersections without signals, and 38 per cent were crossing between intersections.

Clarke emphasized the following things to remember for the driver in giving pedestrians the right-of-way.

1. When pedestrians are crossing at unsignalized intersections, drivers must give them the right-of-way if they are walking in the crosswalk or where a crosswalk might be.

2. When pedestrians are crossing signalized intersections they should obey the signals, but drivers turning right or left must yield the right-of-way to pedestrians crossing on the "green" or "walk" light.

3. Pedestrians do not have the right-of-way between intersections, and therefore, they should cross only at corners.

4. Drivers must be alert for pedestrians crossing between intersections, particularly at night, even

though the walkers should look out for the cars.

5. Regulations vary from place to place. Pedestrians are sometimes prohibited from crossing between intersections in certain areas of the city. Sometimes they are allowed to cross if they can do so safely. Know your local rules.

Senator Arthur Vandenberg, Republican leader on foreign policy, is up against an anti-Vandenberg coalition of 20 Republican Senators striving to force him into new compromises on the form and amount of dollar aid to Europe. On the inside, Senator Vandenberg is having the fight of his life with members of his own party.

Charles Mason and Jeremiah Dixon surveyed the boundary line between Pennsylvania and Maryland which came to be known as the Mason-Dixon Line.

BOYCE HOUSE "Gives You Texas"

A while back, your columnist visited Fort Davis and met Barry Scobee, author of hundreds of Western magazine stories and newspaper feature articles.

He was a newspaper reporter in Pittsburg, Kansas, and in San Antonio, went to Fort Davis 25 years ago because of his health and has been there almost continuously ever since, except for serving on a freighter plying between the United States and South America during the submarine-menace days of World War II.

Scobee has written a book, "Fort Davis," giving the history of the fort, the ruins of which are being restored to their original state by Judge D. A. Simmons of Houston. Scobee was in his office in the court house—(he is justice of the peace)—when I called and he insisted on being my guide and thereby added much to the pleasure of the drive in the November sunshine in air so pure that it almost sparkled—Fort Davis is almost a mile high.

Coming over from Alpine, I had passed peaks in the distance, then had passed others that frowned down upon the highway like the ramparts of a giant castle.

The cottonwoods were glowing in the gold of autumn and my host pointed out different kinds of trees, among them the juniper, which is mentioned in the Old Testament but which I had never seen—to know, at any rate. Scobee is something of an authority on trees. In fact, he brought in 22 different kinds and planted them in the court house yard.

He indicated the spot where a party of Spaniards had camped in 1500-and-something; we inspected beautiful Indian Lodge (a tourist hotel), and drove to the top of Mt. Locke, where the McDonald observatory stands.

On the spot where scientists study the heavens, I thought of Elbert Hubbard's opening lips about the sinking of the Titanic. "It was a night of a thousand stars." One obtains a noble view from the mountain-top, including a range, an estimated 80 miles away, in Old Mexico.

On the way back to Fort Davis, we talked of the Magee expedition when American adventurers drove every Spanish soldier out of Texas and, for brief weeks, ruled a republic of their own.

All in all, a most pleasant afternoon, that one spent in the company of Barry Scobee.

New Highway Map Released For Use Of Texas Citizens

The Spring Edition of the Texas Highway Department's official travel maps is being released for public distribution, State Highway Engineer D. C. Greer has announced.

The new four color map incorporates all changes in the state road system through December occasioned by the Department's vast postwar road building program.

There is a generous display of color pictures representing a cross section of the State's industrial and recreational assets.

A message from Governor Beauford H. Jester is printed on the cover. Addressing "motorists everywhere," the Governor invites all to "see and travel in Texas, revel in its sunshine, its modern cities, and scenic beauty."

Except for revisions in the road system and the new pictures, the edition is similar to others issued since the war which have been acclaimed among the best of the state road maps published throughout the nation.

Standard highway warning and directional signs are reproduced on the map to familiarize drivers with road markers.

Size of the Lone Star State is again graphically told by a table of comparative distances. The 868 miles from El Paso to Orange is greater than the 815 miles from El

Paso to Los Angeles. It is also further than the 760 miles from Laredo to Mexico City.

Included also is a small scale map of the United States showing all state capitals and major federal highways.

The Texas map is published under the direction of R. M. Stene, who performed all the cartography, made the color photographs, and attended to the technical details of production. At 76, Mr. Stene's boundless energy and versatile talent uphold his contention that "life begins at 70."

A registered professional engineer, he came with the Highway Department in 1927. He had previously built dams in Arizona and worked on railroads in Texas.

Copies of the new Spring Edition are available to the traveling public at the Highway Department's main office in Austin, its twenty-five district offices throughout the State, and at its nine information bureaus operated at ports of entry into Texas.

"Have you been to any other doctor before coming to me?" asked the grouchy physician.

"No, sir," replied the patient. "I went to a druggist."

"You went to a druggist?" exclaimed the doctor. "And what idiotic advice did the druggist give you?"

"He told me to come to see you," replied the patient.

Employers are changing their minds about the efficiency of older employees. A recent survey by a New York legislative committee indicates that older workers produce as much as younger, are equally loyal and make better attendance records.

Euclid, a mathematician of Alexandria in the 4th century B. C., compiled the first systematic treatise on geometry which is still in use.

More housewives are playing Bridge nowadays than are playing bridge.

Please DON'T MAKE CHAIN CALLS on Party Lines

Did you have trouble reading that headline?

There's a reason. There are no spaces between the words "Don't Make Chain Calls."

"Chain" calls cause trouble on party lines. Other folks on the line can't make calls, and no one

can call in while the "chain caller" goes down his list. If you have a party line and have a number of calls to make, the friendly, neighborly thing to do is allow...a...little...time between calls. That gives others on the line a chance to call or be called.

Bill Schramm spent the week end in Amarillo as a guest in the home of his sister, Olive Schramm.

Church Is Scene For Double Ring Wedding Rites

Miss Charlotte-June Stevenson and Cecil Edmund Burgess were married Friday at the University Methodist Church in Austin. Mrs. Emabeth Anderson Clark, organist, played a program of nuptial music by Bach, and a trio composed of Miss Barbara Bushnell, soprano, Clarence Scott, baritone, and George Moody, tenor, accompanied by Paul Morgan, flutist, and Mrs. Clark, also sang a selection by Bach.

Dr. Edmund Heinsohn read the formal, double ring ceremony before a candlelighted altar banked with palms. The altar bouquet was fashioned of gladioli and chrysanthemums.

Mr. Stevenson gave his daughter in marriage. She wore a gown of white satin with lace-covered blouse and sleeves. Her lace-trimmed, nylon veil was attached to a five-pointed halo of lace and seed pearls. She wore a strand of pearls and carried a cascade bouquet of stephanotis centered with a white orchid.

Mrs. Fred Pearson, sister of the bride, was matron of honor. She wore a green taffeta dress. Miss Ann Burgess, sister of the bridegroom was maid of honor. She wore fuchsia taffeta. The bridesmaids, Miss Elizabeth Nun and Miss Rosalie Allison, were dressed alike in gold taffeta. All the bride's attendants carried spring bouquets of tulips, daffodils and ranuncula.

Winston Burgess of Lubbock attended his brother as best man. Groomsmen were Garland Burgess of Lubbock and Fred Pearson and Richard Anderson, both of Austin. Robert Adams, John Barrett and Francis May, all of Austin, ushered.

Members of the bridal party received guests at the home of the bride's parents immediately after the ceremony. The bride's table was decorated with arrangements of calla lilies, gladioli and chrysanthemums and held the wedding cake which was decorated with roses and lilies of the valley and outlined with a net and satin ruffle.

The bride's mother wore a lavender satin formal gown and a corsage of white carnations and the bridegroom's mother wore a formal gown of olive green crepe, with a white carnation corsage.

The bride is the daughter of Mr. and Mrs. Lawrence E. Stevenson of Austin. She is a graduate of Austin High School and the University of Texas where she received a bachelor of science degree from the University of Rochester.

She won first place in the 1939 National Flute solo contest and has played with the University of Texas Symphony and the Austin Symphony Orchestra. She is a member of Mu Phi Epsilon, professional music sorority. She has taught in the Austin Public Schools and the University of Texas Summer School and until Feb. 1, was teaching at Texas Christian University.

The bridegroom is the son of Mrs. Sallie Burgess of Lubbock and formerly of Canyon. He holds

a bachelor of science degree from West Texas State College. He is now doing graduate work at the University of Texas where he is an instructor of pure mathematics. He served three years in the Navy during the war, 14 months of which were spent in the Asiatic-Pacific theater.

After a brief wedding trip to San Antonio, the couple will be at home at 2502 San Antonio, Austin. For travel the bride chose a wine wool crepe suit with white accessories and a white orchid corsage.

Among the out of town guests for the wedding were: Mrs. Sallie Burgess, Miss Ann Burgess, Winston Burgess and Garland Burgess, all of Lubbock.

Club roll was answered by each member telling of a new shrub for the yard. Mrs. John Jennings gave the council report and also the T. H. D. A. report. Mrs. Earl Burtz gave the marketing report.

Announcement of the County Fair to be held in March was made. After all reports were in, Mrs. M. B. Brown, program chairman, announced the programs for the year and these were filled in the club books.

The program was then turned over to Miss Lou Ella Patterson, who gave a timely and interesting program on landscaping. She stated that in planning a landscape two things should be considered; a yard should be planned in two parts, public and private and have an adequate water supply. Miss Patterson also gave a demonstration in sharpening scissors.

Delicious refreshments of jello, ice cream, cookies and coffee were served to guests. Mrs. Dick Fisher, Mrs. Tom Newton, Mrs. Harold Byars, Miss Patterson and Mrs. May Johnson, and to members, Mrs. M. B. Brown, Mrs. Norman Cooke, Mrs. Albert Meyer, Mrs. A. B. Haynes, Mrs. Tom Moore, Mrs. Betty Crain, Mrs. Carl Heizer, Mrs. J. W. Howell, Mrs. Bill Martin, Mrs. John Jennings, Mrs. Joe Carver and the hostesses.

MRS. J. S. HUMPREYS IS HOSTESS TO 1939 CLUB

Mrs. J. S. Humphreys was hostess when she entertained members of the 1939 Club in her home Friday afternoon for bridge. Room and table decorations carried out a patriotic theme.

A salad course was served at the long table with Mrs. Ray Campbell and Mrs. R. A. Neblett serving the salad and Mrs. Clyde W. Warwick presiding at the tea service.

Guests present were: Mrs. C. L. Thompson, Mrs. J. D. Barker, Mrs. Campbell and Mrs. Neblett, Mrs. A. K. Knott, Mrs. F. E. Savage, Mrs. D. A. Shirley, Mrs. R. A. Terrill, Mrs. Warwick, Mrs. T. B. McCarter, and the hostess.

Balboa was the first Spanish explorer to see the Pacific Ocean.

Currie-Price Vows Are Exchanged in Home Ceremony

In a candlelight ceremony Saturday evening, Feb. 14, Norma Jo Currie, daughter of Mr. and Mrs. Joe K. Currie, became the bride of Howell J. Price of Dumas, son of Mr. and Mrs. G. E. Price of Brownfield.

Rev. Hubert Thompson, pastor of the First Methodist Church, read the double-ring service in the home of the bride's parents, before a background formed by a heart-shaped arch accented with a bouquet of red carnations fastened by bows of satin ribbon.

Attending the bride as maid-of-honor, Miss Ruth Prichard was attired in an aqua blue two piece street length dress. Her corsage was of white carnations.

J. P. Golden of Borger, uncle of the bride, was best man. Golden Currie, brother of the bride, lighted the candles.

For her daughter's wedding, Mrs. Currie chose a gold-colored dress trimmed with black lace. Her corsage was of white carnations.

Given in marriage by her father, the bride wore a street length platinum gray dress styled with a sweetheart neckline and a flounced skirt with smoke-gray accessories. The bride's corsage was of red and white carnations tied with white satin ribbon.

She carried, for something old, an heirloom handkerchief belonging to her maternal grandmother; something borrowed was a zircon bracelet and eaf screw set borrowed from Mrs. Paul Bowie, and something blue was small blue bows.

Following the ceremony, a reception was given. The bride's table was draped with a lace cloth centered with a tiered wedding cake decorated with red rose buds flanked by white tapers in crystal holders. Arrangements of snapdragons decorated the receiving rooms. Mrs. Frank Hollabaugh served the wedding cake, and Mrs. J. P. Golden presided at the punch bowl.

Mrs. Price was graduated from Canyon High School and attended Amarillo Business College. Mr. Price attended school in Brownfield. He is now employed by Phillips Petroleum Company in Dumas.

After a brief wedding trip, the couple will be at home in Dumas.

MRS. W. N. CRETSINGER IS HIGHLAND HOSTESS

Roll call was answered with "how a piece of furniture was finished," when members of the Highland Home Demonstration Club met with Mrs. W. N. Cretsinger, Feb. 17.

Mrs. Bob Fulton gave a talk on how to refinish furniture, and Mrs. A. N. Green told of upholstering furniture.

Refreshments of hot ginger bread and cocoa were served to fourteen members.

Present were: Mrs. Tapscott, Mrs. Mason, Mrs. L. J. Fulton, Mrs. A. N. Green, Mrs. Ed Sharp, Mrs. L. J. Tidwell, Mrs. Kenneth Jones, Mrs. C. O. Davis, Mrs. George Cook, Mrs. Clyde Jones, Mrs. Floyd Mitchell, Mrs. Bob Fulton, Mrs. T. T. Jarnagan, and the hostess, Mrs. W. N. Cretsinger.

Mr. and Mrs. Guydell Woodburn of Amarillo were here Sunday for a visit in the home of Mr. and Mrs. A. B. Berry.

MOTHER AND DAUGHTER

MRS. ETHEL MULLINS and daughter, Martha, pictured above, are both students in West Texas State. They have recently opened the apparel shop, La Duchess Shoppe, across from the Museum. Mrs. Mullins is a special student here, taking a business course and Martha is an art major. They have been living in and out of Canyon for many years. Mrs. Mullins related, but now they plan to stay here. She also said that her grandfather, Mr. J. C. Pipkin, was one of the founders of WT. Both are living at Barracks Apartment 67.

Nuptial Plans Are Revealed

Announcement is being made of the engagement and approaching marriage of Mary Eugenia Humphreys, daughter of Mr. and Mrs. Samuel Maxey Humphreys of Houston, to Dr. James Earl Nash of Dallas.

The wedding ceremony will be performed on Saturday, March 6 at 8 p. m., at the Central Presbyterian Church, Houston.

Miss Humphreys is a granddaughter of Mr. and Mrs. John S. Humphreys of this city.

YARD PLANNING IS TOPIC OF PARK CLUB

Yard planning was the subject discussed at the meeting of the Park Home Demonstration Club in the home of Mrs. G. A. Colling, Feb. 20.

Following the business session presided over by Mrs. Flynn Winters, president, Miss Lou Ella Patterson gave a demonstration on, "Planning a Landscaping Landscape." "Think of the future and be careful not to crowd trees and shrubs for the best effects," said Miss Patterson.

The hostess was honored with a surprise birthday handkerchief shower.

The next meeting will be in the home of Mrs. Jack Burch, March 4.

Refreshments were served to the following guests: Mrs. Lottie Wineinger, Mrs. C. T. Burch, Mrs. Charles Wineinger, Miss Patterson, and to members: Mrs. H. A. Henson, Mrs. Mary Simon, Mrs. H. A. Simon, Mrs. Jack Burch, Mrs. Elmer Winters, Mrs. O. E. Wineinger, Mrs. Flynn are entering.

Recent Wedding Rites Are Told

Mr. and Mrs. Paul-White announce the marriage of their daughter, Barbara Jo, to D. L. Pettigrew in a ceremony performed Saturday evening, Feb. 21, in Amarillo.

The bride was graduated from West Texas State High School last spring, and was employed in McCarr's Super Market during the summer and fall.

The couple left for Denver, Colo., Sunday evening and will make their home in Flagler where Mr. Pettigrew is employed.

Measles Increased Three Fold Over Normal Years

With the incidence of measles more than three times higher than the seven year median, Dr. Geo. W. Cox, State Health Officer, has issued a statement concerning the use of gamma globulin for protecting very young or frail children from an attack of this perennial childhood disease and its often serious complications.

"If you have a child less than five years old who has been exposed to measles, your family doctor may recommend giving him gamma globulin," Dr. Cox advised. "Through city, county or state health departments, doctors can obtain gamma globulin, free, when parents are unable to pay. Infants and children, whose health makes it inadvisable for them to suffer an attack of measles, may postpone the disease if gamma globulin is administered within eight days from the time of exposure."

The State Health Officer emphasized the fact that gamma globulin cannot give a child permanent protection against measles and added that the protection against measles is ordinarily of about three weeks duration. However, there is no limit to the number of times it can be used, and a baby who is protected by it now can be protected by it again in June or July. Gamma globulin can go on shielding him against measles until he is old enough and strong enough to stand an attack without serious consequences.

During an outbreak of measles Dr. Cox said that it is well to keep children under five years of age, and more especially frail children, away from all youngsters who might serve as sources of infection. Statistics show that nine-tenths of all measles deaths occurred in children under five years of age.

Montpellier is the capital of Vermont.

Winters, Mrs. J. H. Bartlett, Mrs. Tony Simon, Mrs. Frank Simon and Mrs. G. A. Colling.

Learn to Make Correct Signs For Right Turn

If you want to do a good turn for yourself and your fellow motorists, learn the proper way to make a right turn while driving your car.

The law on making a right turn was explained today by W. J. Elliott, Chief of the Texas Highway Patrol, in cooperation with a nationwide "Learn and Obey Traffic Laws" program during February.

The program seeks to reduce the huge motor vehicle accident toll by familiarizing the public with traffic laws and the necessity for obeying them.

"A right turn is one of the simplest of maneuvers in an automobile, yet turning errors are reported in about 6 per cent of all accidents," Chief Elliott said.

He emphasized these points:

1. Keep as close as possible to the right edge of the roadway both before and after turning. Don't swing out.
2. Don't forget to make the hand signal well in advance of the turn.
3. Anticipate the turn far enough in advance so that you can be in the proper lane. This means keeping your mind on your driving.
4. Keep close to the right after turning to cause a minimum of interference with the traffic flow you are entering.

Podium Honors Buffalo Band

December issue of "The Podium," quarterly news magazine of Kappa Kappa Psi and Tau Beta Sigma, national honorary and fraternity and sorority, was dedicated to Alpha Psi Chapter of Kappa Kappa Psi at West Texas State.

The dedication read, "In recognition of the fine service rendered by a group of fine bandmen in a great university, this issue of the PODIUM is hereby dedicated to the Alpha Psi Chapter of West Texas State College."

Alpha Psi Chapter began as a local fraternity in 1946 under the name Omega Tau Fraternity. They were under the sponsorship of Alpha Omicron Chapter of Kappa Kappa Psi at Texas Tech.

Omega Tau submitted a petition with Kappa Kappa Psi to become a member in the early part of this year. They were accepted, and the Alpha Omicron Chapter initiated the members last fall.

Charter members pictured in "The Podium" are M. J. Newman, director; Sherrod Reavis, junior from Shamrock; Bill Miller, senior from Borger; Bill Tregoe, sophomore from Upperco, Md.; Leslie Talbert, Jr., junior from Happy; Edwin McKee, junior from Follett; Richard Miller, sophomore from Borger; Herschel Allen, sophomore from Plainview; Wallace Goodman, sophomore from Amarillo; Ray Nickelson, senior from Canyon; Bill Latson, sophomore from Amarillo; and Bill Hutchinson, Jr., sophomore from Pampa.

Henry IV of France, in the Edict of Nantes in 1598, granted toleration to the protestant religion. Louis XIV revoked it in 1685.

WARRANTY

WATER HEATER 10 YEAR PROTECTION PLAN

The Manufacturer warrants to the purchaser of each new electric water heater of its manufacturer that any part thereof which proves defective in material or workmanship within one year from date of purchase for use will be repaired or replaced free of charge.

Should the galvanized tank fail due to a leak in the tank itself during five years from the date of original purchase for use, a complete replacement heater of comparable capacity and type will be furnished and installed free of charge. The replacement heater will carry only the protection afforded by the unexpired portion of this warranty.

In addition, should the galvanized tank fail due to a leak in the tank itself during the period from the sixth through the tenth year from date of original purchase for use, the heater may be exchanged for a complete new heater in accordance with an exchange plan available through an authorized dealer.

Any defect in said heater or leakage in the tank should be brought to the attention of the dealer from whom it was purchased, who will be authorized to furnish or arrange for repairs, replacements, or exchanges within the terms of this warranty.

Manufacturer neither assumes nor authorizes any person to assume for it any other obligation or liability in connection with said water heater. This warranty does not apply to damage or leakage resulting from accident, alteration, misuse or abuse, nor does it apply outside the boundaries of continental United States and Hawaii.

WARREN'S

800 Panhandle Band Students To Attend WT Clinic Friday

Leonard Haug, associate professor of music and band director at the University of Oklahoma, will conduct the clinic band during the Fifth Annual Band Clinic, to be held here Friday, February 27. The clinic, an annual affair here, was announced by M. J. Newman, assistant professor of music.

About 700 or 800 band students and visitors are expected to attend this year, according to Newman. This will be the record attendance for the annual clinic.

A drum and twirling clinic will be included in the session. The drum clinic, under the direction of Glenn A. Truax, assistant professor of music, is expected to have over 75 participants. George Groves, engineer for KFDA and former twirler for Amarillo Sandie Band, will conduct the twirling clinic. Over 100 twirlers are expected to attend.

Clinic registration will be held in the Administration Building Auditorium from 9 to 9:30 o'clock. The clinic session will follow, ad-

journaling at 12 o'clock.

Clinic band members will be issued meal tickets and served luncheon in the cafeteria. Directors will be served a complimentary lunch in the Blue Room, with Haug as guest speaker. He will discuss marching and band work.

A concert will be given in the Administration Building Auditorium from 1:30 to 2 o'clock by the college concert band.

The twirling and drum clinics will meet from 2:15 to 4 o'clock. The drum clinic will meet in the Speech Arts Auditorium. Meeting in the Education Building Gymnasium will be the twirling clinic.

The clinic band will meet in the Band Building at 2:30 o'clock. At 3:30 o'clock, the program will be broadcast to KAMQ studios in Amarillo where a transcription will be made with studio equipment. The transcription will be broadcast Sunday.

Members of the clinic band include the following:

AMARILLO HIGH SCHOOL (Clyde H. Rowe, director): Gary Garner, Betty Basom, Catherine Childers, Bennie Bruckner, Garland Dean, Wanda McMurtry, Juanita Bruce, Jack Hon, Dick Brooks and Ann Everline.

BORGER HIGH SCHOOL (Fred Carpenter, director): Virgil Rider, Teddy Davidson, Pat Horrigan, Bob Deitz, Tommy Edmunds, Elmer Carroll and Bob Miller.

BROWNFIELD HIGH SCHOOL: Carolyn Griffith, Jerry King, Clive Jones and Chuck Wilson.

CANADIAN HIGH SCHOOL (James H. Gain, director): Madelyn Cain, Allan Fussell, Patsy McMeans, and Wesley Beyers.

CANYON HIGH SCHOOL (M. D. Shepherd, director): Carroll Wilson and Dorothy McReynolds.

CHILDRESS HIGH SCHOOL (W. H. Adams, director): Jerry Dugan, Betty Elam, Betty Overby, Juanita Wheelock and Jon Bennett.

CLARENDON HIGH SCHOOL (E. R. Blevins, director): Juanita Carpenter, Sybil Head, Edna Mills, Gene Bryan, Chauncey Homme and Bert Smith.

FLOYDADA HIGH SCHOOL (Clyde Haden, director): Gene Dale Jackson and Gladys Roberts.

FRIONA HIGH SCHOOL (Nolan Froehner, director): Lee Cranfill, Joyce Ann Jones, Tim Magness, Murna Welch and Edd Uri Talbot.

LITTLEFIELD HIGH SCHOOL (Don R. Hayes, director): Joan Thornton, Wynema Johnson, Lahoma Roberts, Katherine Lewis, Buford Latimer and Lyndal Evans.

MEMPHIS HIGH SCHOOL (Perry I. Keyser, director): Don Monzingo and Barbara Brewer.

MULESHOE HIGH SCHOOL (Hubert A. Owens, director): Robert Holt, Melba Bryant, J. Ann Weyer and Jerry Julian.

PAMPA HIGH SCHOOL (Orland Butler, director): Mona Cox, Betty Sue Pate, Janice Etheridge, Dorothy Dixon, Emmitt Forrester, Janice Dorset, James Gray, Dan Stallings and David Plank.

PERRYTON HIGH SCHOOL (J. D. Davis, director): Rozelle Vaughn, Claudine Carmichael, Gayle Ferguson and Lola Bell Barnes.

PHILLIPS HIGH SCHOOL (Ray Robbins, director): Juanita Davis, Janice Jenne, Paul Demming, Dale Kness and Donald Loving.

PLAINVIEW HIGH SCHOOL (Robert C. Davidson, director): Lois Wimberly, Don McClure, Robert Meinecke, Bill Stucker, Marie Marie Bier, Billy Deardoff, Glen Curry, Billy Ed Wood and Joel Mitchell.

SPUR HIGH SCHOOL (Henry Goldwire, director): Lucy Nell Boothe, Ernestine Boothe, Creola

CONDUCTOR

LEONARD HAUG
... clinic guest

Rector and John Berry.

SHAMROCK HIGH SCHOOL (R. L. Sonnenberg, director): Don Reavis, Ted Sonnenberg, Harvey Reeves, W. E. Leake, Fins Harris, Bill Setzler and Martha Montgomery.

Ulysses's wanderings are recorded in the epic poem The Odyssey.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of February 22, 1923)

A petition was presented to the city council Tuesday asking for an election on the question of establishing the commission form of government for Canyon.

T. F. Turner of Amarillo was elected president of the Panhandle-Plains Historical Society at a meeting of 40 members at the college.

Coach S. D. Burton has made a call for baseball candidates at the college.

Joe Gamble bought 1070 high grade Hereford cows to add to his breeding herd.

Governor Neff signed the bill setting the scholastic apportionment at \$13 for the coming year.

Brick is being received for the first paving in Canyon on natural foundation. A concrete foundation was run for the paving around the public square.

Most homes in Canyon waste about as much water as used for domestic purposes, states T. C. Thompson, member of the city council. Mr. Thompson gives figures to show the great loss of water from small leaks in water pipes and faucets.

President Truman is preparing to argue that price controls, if the Republicans had taken his advice, would have prevented a break in the commodity markets of the kind that has occurred. The President is to blame Republicans for what has happened.

James Roosevelt, son of the late President, is enjoying White House entree as spokesman for California Democrats. Mr. Roosevelt is credited with acting as go-between in negotiations that preceded the change in Chairmanship of the important Federal Reserve Board.

John Brown, an abolitionist, was hanged for seizing the state armory at Harpers Ferry, West Virginia.

Petrillo or no Petrillo, it's still all right to whistle while you work.

Eagles Down Bobcats To Win District

MR. M. D. SHEPHERD

RESIGNED
Shepherd Leaves Teaching Staff

Mr. M. D. Shepherd, band instructor in Canyon High School for the past two years, plans to leave CHS in the near future, and take up a position with Myers Farm Equipment Company where he will be in charge of the parts department. Mr. Shepherd has been working at Myers' in the afternoons for some time, getting acquainted with his work.

Demus Takes Over

Beginning last Monday, February 23, Mr. Herman Demus took charge of Mr. Shepherd's classes with the exception of the choir. Mr. Shepherd will continue to direct the A Cappella Choir until March 9, when they are to give their spring concert under his direction.

Other classes which Mr. Shepherd taught include band, speech, drum corps, and twirling, besides some band classes in the grade school.

In summing up his work here Mr. Shepherd states, "My work in CHS has been very pleasant and I would like to take this opportunity to express my thanks to each student, faculty member, and the administrators and to the school board for their fine co-operation."

A FAIRY TALE

Once upon a time, there came to old Canyon High a brand new text book. After spending a week in the book depository, there came a thrill. The little book was issued to a student.

After spending a year in this student's care, the book was returned to the depository. All markings and other decorations had been removed from its pages. Next year the book went through the same procedure. This student treated it carefully too. No pages had been torn and the back was not torn off.

After living to the ripe old age of more than fifteen years and spending part of its latter life in the library, it came to its death in the trash can back of the school building.

The little book had never been drowned in a mud puddle, nor had it committed suicide by being thrown out a window.

Before its life had come to an end, it spoke these few choice words for other books to go by.

"Books, if you want to live to a nice old age with careful treatment all your life, go to CHS."

That's the end of my fairy tale. If only it were true.

Mr. Pat Britain Photographs Students for Soaring Wings

Mr. Pat Britain, photographer, was in Canyon High School to take pictures of the various organizations for the annual.

Pictures that were made February 18, include FHA, FFA, Press Club, Class Favorites, Basketball King and Queen, Cheerleaders and the Annual Staff.

"These pictures will nearly complete the annual and I wish to thank everyone who has cooperated with us," states Valeta Haines, editor of the annual.

There will be an atomic war in two, possibly five, and maybe ten years. Boston and New York will be wiped out. No question about it. They're probably not much good anyway. They're not producing anything. Kansas will be the Stalin-grad of America.—Roger Babson, business statistician.

Eaglettes Enter District Meet

Canyon-Friona Game Is First Event of Tourney

Canyon Eaglettes will leave early Friday morning to enter the District Basketball Tournament at White Deer, which is to be held February 27-28. They play Friona at 9:00 a. m. and if they win that feat they meet the Claude girls, probably at 4:00 that afternoon.

Eleven teams are entered in this single elimination tournament, each team being a winner of its county. These teams are Canyon from Randall county, Briscoe from Wheeler county, Friona from Farmer county, Claude from Armstrong county, Turkey from Hall county, Vega from Oldham county, McLean from Gray county, Kress from Swisher county, Samnorwood from Collingsworth county, Quitaque from Briscoe county and Dimmitt from Castro county. Canyon has defeated Claude and Dimmitt and have been defeated by Vega and Dimmitt.

To Play Wayland This week the Eaglettes play Wayland College Tuesday night. They lost to these collegiates who have three all-state players February 9 by a score of 33-16.

The Canyon lassies traveled to Amarillo to down St. Mary's Academy, in both "B" and "A" games. Carter led with scoring honors for the "B" game with fourteen points, while Hurman of St. Mary's led her mates with five. Avent and Butler ran a close race in the "A" game with ten and nine points, respectively, and Gable for the opponents starred with eight.

An interesting feature of this game was exhibited when Butler, Ford and Avent played guards and Forester, Foster and Black played forwards, Foster sinking one field goal.

Previous to these games was a home game with Claude with the Eaglettes clawing the Claude Mustangs, 44-23. Avent led with sixteen points for the winners and Woodward scored eight for the visiting losers.

Grade Notes

Mrs. T. W. Collins' first grade had two visitors last Monday, Mrs. Roy Ransom and Barbara from Claude.

Dale Henry's mother gave him a surprise birthday party last Thursday, February 19, and she brought a birthday cake and ice cream, and gave each child a "Big five" tablet.

Kirk Witt withdrew from Mrs. Roscoe Davis' second grade last Friday and moved to Amarillo.

Moving to Amarillo last week also, was Phyllis Smith, a student in Mrs. Murrell's second grade.

Joe Bailey has moved to Santa Fe, New Mexico, to enter school there.

Last Wednesday Nancy Wiggins had a surprise birthday party, and her mother brought refreshments to Mrs. Joe Black and her first grade.

Mrs. Dan Usery's third grade has a new student, Otis Frost, who came from Weed, New Mexico.

Visiting Mrs. A. K. Goodman's third grade, was Gerald Dee Gavin from Silverton, Texas.

Last Saturday Ronald D. Crow's mother took the third grade class to the show to celebrate his birthday.

Monday afternoon the class took Standard Reading Tests.

Mrs. Vearl Iverson was absent from her sixth grade due to illness once last week. Mrs. Art Roberts substituted for her.

The class reorganized their officials last week. They are: president, Bobby Crow; vice-president, James Head; secretary-treasurer, Jerry Martin; reporter, Edele Money.

The doll collection has been taken down in the library and Mrs. L. M. Cousins' class has put up a bottle collection. There are many different shapes and sizes which are very interesting. Mrs. Demus, the new music teacher, has put a miniature piano collection on display in the library, also.

Mrs. W. R. New and Mrs. Walter Partridge visited in Mrs. L. M. Cousins' room last week.

Guests were taken back to the days of George Washington when 5J presented a play last Friday. The characters were dressed in colonial suits and wigs, appropriate to the times. Between acts, eight members of the class danced the "Minuet." They were: Frank McKenney, Juanella Burrus, Jimmie Kulman, Alice Simms, Joe Dickerson, June Davis, David Brondson, Rita Jo Crow, Leroy Burrow, La Donna Keller, Jack McCormick, Helene Meyer.

District Champs

Here is a team CHS may well be proud of. Left to right on the back row are: Joe Abbott, Horace Carter, acting captain; Richard Walters, Maede Michael, Jerre Inman, Troy Burrus and coach of the champs, R. D. Wheelock. Front row, reading left to right are: Tommy Hunter, Billy Cleavinger, Austell Burrus and Bruce Winn.

Johnson Receives Place in Contest

Harold Dean Johnson, thirteen years old, a student at Canyon Junior High School, is the winner of the fifth day's judging of entries in the Junior Cowboy contest sponsored by the Amarillo News-Globe.

Pictures of junior cowboys are pouring into the desk of the Cowboy Contest editor. Winner of the fifth day's judging as announced in the edition of the Sunday News-Globe is Harold Dean, a seventh grader, who has attended Canyon schools since his entry here into the first grade.

Seven more daily winners will be picked by the judges, and then all twelve of the daily winners will be judged in person in Amarillo for the top prize of a horse and saddle. The horse, Panhandle, named from the motion picture, and his hand-tooled saddle, made by Maddox Western Leather Craft, drew an admiring audience of youngsters, Saturday in front of the Paramount Theater where he was on display.

Track Season to Start Soon

Coach R. D. Wheelock informed reporters on the Eagles Tale that the track team would soon begin workout. The time is not official yet, because the basketball team will practice for about another week. It will probably start in about two weeks, except for a few boys who will start this week.

Bartlett, Librarian, Reports New Books Added to Shelves

Mrs. Bernice Bartlett, librarian, reports that five new books have been added to the shelves of the High School Library. They are as follows:

"Home Country" by the late Ernie Pyle, "The Egg and I" written by Betty McDonald, "Texas: Guide To The Lone Star State" and two books of poems for use of the Junior High students. They are: "Home Book of Verse For Young Folks" by Burton E. Stevenson and "More Silver Pennies" written by Blanche Jennings Thompson.

The new student locator has been installed in each office of the school officials. This will enable the office workers to locate any student who is being wanted very quickly.

Twenty-Six Students Attend Annual Band Clinic, Friday

Twenty-six Canyon High School students will attend the annual band clinic at West Texas State College, Friday, February 27.

The group will be supervised by Mr. Herman Demus, new band director who is replacing Mr. M. D. Shepherd, resigned.

In the clinic the students will be instructed as to the best methods of playing, the best music for use at special occasions and the best instruments to purchase.

They will be enabled to hear musicians from other high schools of the Panhandle play solos, trios, etc. A band, composed of advanced performers, will be selected to play in the final concert of the evening.

FFA Boys Observe National Week

National FFA Week is here! The Future Farmers of America is a national organization reaching from the state of Maine to Hawaii and from the state of Washington to Puerto Rico. It is a self-supporting organization made up of farm boys studying vocational agriculture in the public schools. The organization was founded in 1928 by Henry Groseclose of Virginia, which was planned very closely after the Future Farmers of Virginia.

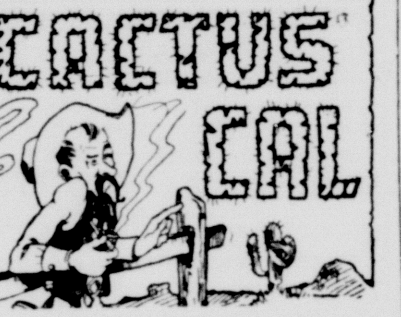

The Smith-Hughes act provided for vocational agriculture to be taught in the public schools of Texas.

There are fifty members in the Canyon Chapter of Future Farmers of America supervised by Mr. T. L. Devin.

Little Boy Blue, come blow your horn. Petrillo isn't bothering the school kids this season.

Sports writers are the tyrants of tyrants. They think that a University's one purpose is to provide them with an income. — Rev. Robert J. Gannon, president, Fordham University.

The suggestion that all of our problems would be solved if everyone were a Christian is not true. Christian goodwill will not solve our technical problems. — Charles A. Taft, president, Federal Council of Churches.

Spring is here, ice has gone, I hope. So here is old Cal back with all the dope.

Say Rusty, who is your new little squaw? Or is that Indian ring Juanita's?

It seems that Gerald MacDuff has been seen around town with Jean Pitt.

Merry Bordon was seen with Gene Taylor in that fancy car the other night—which do you like best Merry, the car or Gene?

Don't tell anyone, but I heard that Paul Webb of Tulsa was looking for Dorothy Butler, Sunday.

It has been requested that all girls looking for boy friends get in touch with the basketball squad.

The Hunter and Young romance has gone up in flames—love flames that is. . . .

If any girl wants a good looking, smart, handsome date call 395 and ask for Harry. There will be a slight charge of \$1.00 per date.

Cal's choice of love birds for this week is Stanley Schaeffer and Geneva Gressett.

Janey Forester just loves tall basketball players. She has a complete team: Junior Fulfer, Burt Murdock, Bruce Winn, Harold Robinson, and Austell Burrus.

Hubert Drake, that handsome young man from CHS, needs a shave. (And soon too.)

We wish to say in this space, that Wayne Prichard and Donna Erwin make a very cute couple.

If there is a gold digger in school, why don't you go with Claude MONEY.

Jimmie Wooten would just love to have a date with Betty Ross Craig—so I heard.

FLASH: In America they read their children "Mother Goose." In Germany they read them Propaganda.

Tall, terrible, Terry Winn is in a triangle love affair and can't find the right theorem.

Dixie Moats is back in town. Here is your chance Bobby Ratliff.

Lowell Hill, it seems, has a case of love with Betty Jean Graham.

What's all this talk about dead soldiers, I don't get it. Maybe Paige Carruth knows something about it.

Hunter, Carter and Burrus Make All Tourney Basketball Team

The faculty and students of Canyon High School wish to express their deepest sympathy to Martha Wilson at the death of her grandmother, Mrs. Pattie Wilson, last week end.

New Teacher Is Herman Demus

Replacing M. D. Shepherd as band and choir director is Mr. Herman Demus. Before coming to Canyon, he taught in the White Deer school for one year and three months.

Demus was graduated from Belvidere, Illinois high school, and later attended Vandercook School of Music in Chicago, Northern Illinois, State Teachers College in De Kalb, and West Texas State College in Canyon. He is a music major and plays the clarinet and oboe.

He was stationed at Amarillo Army Air Field for two and one-half years, and after release, remained in the Panhandle. Mrs. Demus, the former Mary Helen Mickey, is the new public school music teacher in the grade school.

"I am certainly glad to be here and from all evidence I have had so far, I surely am going to like my work very much," says Mr. Demus.

Winners Receive District Trophy

District 2-A football championship trophy has arrived and will be placed in the trophy case within the next few days.

It is eighteen inches high, featuring two name plates on either side of the maple base. On one is written the names of the Co-captains: James Bible and Lee Bailey. The other side contains the name of the coach, R. D. Wheelock.

In front on the base is a metal eagle, emblematic of the Eagle team. Behind the eagle is the pedestal bearing a metal plaque inscribed with these words, "Champions of District 2-A, Canyon Eagles," and atop the pedestal is the metal figure of a football player passing the ball.

During the past season the Canyon Eagles were rated first as a defensive team in the region and eighth, offensively. Points made by opposing teams against the Eagles were 24, while the Eagles were piling up a total of 126 in their favor.

"We're delighted about the trophy's having come," states R. D. Wheelock, coach. "The football team is deserving, and the trophy will always be a source of pride to them. I consider the 1947 season a pleasant and successful one in both football and basketball."

The first team of the 1947 squad were: Tommy Hunter, full back; Lee Bible and Wayne Davis, half backs; Horace Carter, quarter back; Austell Burrus, left end; Jimmy Lindsey, left tackle; Dick Barrett, left guard; Richard Walters, center; James Bible, right guard; Wayne Griffin, right tackle and Clifford Burtz, right end.

The third year agriculture class is making panels for the "Randall County Livestock Show" to be held here Saturday, February 29. The ribbons of the show are on display in the Canyon Drug. The show will be held in the City Barn. Local merchants and livestock breeders are helping the show to be a success by their donations. The Lions Club is sponsoring it.

It's time to remind everyone again that "American" ends in "I can."

Dalhart Wolves Capture Sportsmanship Trophy

Canyon Eagles pounced on the Dimmitt Bobcats in the last minute of a breathless ball game here Saturday night and carried away a 38-36 victory and the basketball championship trophies of District 1-A.

A capacity crowd screamed its throats hoarse witnessing this see-saw thriller. Canyon carried the lead in score eight times, Dimmitt seven, and it stalled in a deadlock on eight occasions.

The first quarter score stood 9-11 for Dimmitt. Great Eagle determination held the Bobcats to a single goal during the second quarter, while the home team tallied six to grab a half-time lead of 15-13. During the third period Dimmitt took a scoring spree, raking up sixteen points and holding Canyon to ten. Seven minutes of play passed and Dimmitt held the lead 35-34. Within fifteen seconds Austell Burrus hit one off the post to put his team on top 36-35. With thirty seconds of play remaining, a double foul was called on Bruce Winn and Carl Jowell with both canning their shots. Another double penalty was whistled with only three seconds left, and this time Horace Carter made good for the Eagles, but Jack Ziegler was out of shoot for his team.

Winn Led Scoring Fireball Winn led the victors by hitting five field goals and two free throws. Flashy Richard Walters followed with ten tallies, but brawny Tommy Hunter accounted for nine. Lanky Burrus and slicky Carter were low in scoring, but their performance on the floor was supreme. Lewis Martin of the losers totaled 13 points.

This was the sixth meeting this season for these two outstanding teams, both of which have qualified for the Region One Tournament to be played at Burton Gym this weekend. Each squad has taken three victories and accepted the same number of defeats by each other, but both are still considered to be likely to capture the Region One title and to sashay to Austin for the state meet.

Canyon Placed Three

Canyon placed three stars, Austell Burrus, Horace Carter, and Tommy Hunter, on the ALL DISTRICT TOURNAMENT TEAM. Other members were: Roy Hubbs of Dalhart, Harry Weiss of Friona, Kenneth Love of Tulsa, Bill Rice of Dalhart, John Smith of Friona, and Carl Jowell and Junior Fulfer of Dimmitt. Each of these players received a gold miniature basketball for their outstanding playing ability.

The Dalhart Wolves, coached by Gladstone McClennan, had a tough time of it before the Eagles eliminated them by one point, but they were presented the Sportsmanship Trophy. This team was chosen by the officials as being the best sports on the court.

Other Scores

Scores and other games of the tourney are: Friona 50, Hereford 31; Dumas 28, Tulsa 39; Dalhart 33, Dimmitt 51; Friona 33, Tulsa 28; Dalhart 43, Dumas 32; Canyon 42, Dimmitt 53; Dalhart 42, Hereford 40; Canyon 53, Tulsa 35; Canyon 35, Dalhart 34; Friona 32, Dimmitt 53; Canyon 50, Friona 44; and the final Canyon 38, Dimmitt 36.

Officials for the tourney were J. I. Kimmons and Kenneth Kendrick.

Amarillo Stock Show Causes Amos To Be Taken Early

"Six-weeks' examinations, previously scheduled for the week of March 1-5, have been moved up three days in order that the large number of boys who have exhibits in the Fat Stock Show may take their tests with the rest of the students," said Mr. J. E. Miller on Monday, February 23.

Many students, besides those with exhibits, plan to be present for most of the fat stock show.

Washington is not only thickly populated, it's a bewilderness.

in the American political scene. However, political leaders had best cast a wary eye this election year toward the polling strength of American college and university campuses if the student consensus in West Texas is any national indication.

Tabulations of a recent poll of 136 randomly picked students in the voting age produced the amazing fact that 120 are eligible to vote and show definite intentions of participating in the 1948 national election. A complete breakdown of the 136 showed 61 actually have paid their poll taxes, while 59 are entitled to free votes. Only 16 students signified ineligibility. The latter number might have been less had the prospective voters been nearer their resident counties.

Nine current problems were submitted for consideration on the student query. The scope of interests in the questionnaire ranged from presidential candidacies to labor and foreign policy views. Percentage results were based on opinions of the 120 eligible voters.

The first question presented was: "If the Presidential elections were being held today, and Truman were running for president on the Democratic ticket against Dewey on the Republican ticket and against Wallace on the Third Party ticket, how do you think they would vote?"

Student results:

Truman	63%
Dewey	29%
Wallace	5%
Undecided	3%

"If the Presidential elections were being held today and Truman were running for president on the Democratic ticket against Taft on the Republican ticket and against Wallace on the Third Party ticket, how do you think they would vote?"

Truman	68%
Taft	20%
Wallace	8%
Undecided	4%

"If the Presidential elections were being held today and Truman were running for president on the Democratic ticket against Stassen on the Republican ticket and against Wallace on the Third Party ticket, how do you think they would vote?"

Truman	26%
Stassen	68%
Wallace	3%
Undecided	3%

The latter result shows the same surprising rise of Stassen as revealed in recent national polls.

The fourth question, "What is your party preference?" brought out a striking contrast to the answers derived from the first three feelers, the results showing:

Democrat	76%
Republican	18%
Independent	6%

Switching from questions of a purely political basis to those concerning national and international policies, the fifth query posed the statement, "Are you in favor of the Marshall Plan in its present form?" To this controversial issue, tabulations revealed 53% favoring, 37% opposing and 10% undecided.

Regarding labor legislation on the Taft-Hartley Bill, the survey received a split decision with 43% favoring the bill in its present form while 48% were in opposition. Nine per cent were undecided.

Approval of Socialized Medicine was turned down by 67%. Thirty per cent favored the plan while 3% were undecided.

The youngest age at which one may be married in the U. S. is 14 years for men and 12 for women.

"Old Ironsides" was the nickname of the 44 gun frigate, Constitution.

Surgery Advised For Mental Ills

Swedish Doctor Proposes Frontal Lobotomy Only If Psychiatry Fails.

NEW YORK. — Neutralization of mental derangement by a brain operation called frontal lobotomy should be undertaken only after failure of psychiatric cures and careful study of a patient's personality, according to Dr. Gosta Rylander, associate professor of psychiatry at Royal Caroline institute, Stockholm.

Speaking at the twenty-third annual meeting of the Association for Research in Nervous and Mental Disease, Dr. Rylander said three years' experience with 300 cases in Sweden showed the operation's effectiveness in neutralizing anxiety and chronic depression. Patients who had withdrawn from society for years because of crippling mental fixations were returned to useful existences in a substantial proportion of cases, Dr. Rylander said.

Cases Are Limited. The operation interrupts pathways between the frontal lobe, or forepart, of the brain, which controls personality, reasoning and imagination, and other brain centers where these powers are converted into action. Incisions are made in the temples. Dr. Rylander said the operation is not complex and can be accomplished with a local anesthetic in 30 to 40 minutes. The operation was first performed in Portugal in 1935 but did not gain general acceptance until the 1940s.

Dr. Rylander emphasized that the operation is applicable in only a limited number of cases and is not to be regarded as a panacea for all mentally deranged persons. Treatment has been restricted to those considered mentally and physically suited after many weeks of study of a patient's neurological, psychological and physical make-up.

The value and yet the danger of the treatment was emphasized by the psychiatrist, who said patients came out of the operation with a changed personality. These changes neutralize the obsessions when the operation is properly done, but if the patient has not been carefully studied beforehand he may be more twisted mentally than ever, after the operation.

"In general," Dr. Rylander explained, "the operation is done to turn depressed, introverted patients into healthy, extroverted easygoing persons."

Grip Weakened. Crippling obsessions, including a variety of fixations such as false pain, cleanliness, the futile state of the world, political parties or sin can be neutralized, Dr. Rylander said. While a person is still aware of his fixation after the operation, its disturbing grip is weakened, permitting a more normal life. The intelligence quotient has risen slightly in a number of cases, according to the doctor, as a by-product of the operation.

In one case cited by Dr. Rylander a man who lost his arm in an explosion was cured of an obsession with pain in his non-existent fingers; in a second a Salvation Army worker's crippling belief that he had sinned against the Holy Ghost was removed and in a third a nurse, who was bed-ridden for years and slowly starving to death over a preoccupation with diet, was treated so that she could return to light nursing work.

As to criminals, Dr. Rylander said the operation may make them even more criminal. Describing this field as "very new with little known as yet," he said some operations have rendered insane criminals easier to handle in hospitals.

Finds Mother in California After Making Long Search

BOISE, IDA.—Thomas C. Jones, 33, of Boise, was reunited in Berkeley, Calif., with his mother, Mrs. Marvin Storm, whom he had not seen since shortly after his birth. Jones was adopted by Mr. and Mrs. Mike Jones following his birth in South Dakota. Both foster parents died while Jones was in military service. He wrote to the vital statistics bureau in South Dakota and finally learned his mother's address and her second married name from his grandfather.

Find Cache of Ancient Coins Believed Property of Goering

MUNICH, GERMANY.—Bavarian police announced discovery of a cache of old gold and silver coins they said they believed was tucked away by Reichsmarshal Hermann Wilhelm Goering, Hitler's deputy. The coins—about 6,000 marks in gold and 1,000 marks in silver—were dug up at Auerbach, near the site of one of Goering's homes. Police turned the find over to the United States military government. (The mark was worth 40 cents at the prewar rate of exchange.)

\$1,200 Yearly Stipend Set For Physicians in Britain

LONDON. — The British health ministry has announced that an annual government stipend of \$1,200 will be paid physicians participating in Britain's socialized medical program, which will become effective this year when the government takes over most of the hospitals and medical agencies in Britain.

Thomas Jefferson's home is called Monticello.

Clue in Polio Fight Seen in College Work

Doctor Reports Antivirus Drugs May Combat Disease.

NEW YORK. — Some new clues toward possible discovery of drugs to combat virus diseases were reported by Dr. Conrad A. Elvehjem of University of Wisconsin.

Viruses cause many different kinds of diseases, among them infantile paralysis and influenza in humans.

Dr. Elvehjem mentioned the possibility of antivirus drugs in describing recent progress in nutrition to the midyear meeting of the American Pharmaceutical Manufacturers' association.

A lack of vitamin B-1 (thiamine) makes mice almost completely resistant to paralysis from viruses closely related to the virus of infantile paralysis, he said. When the mice had adequate amounts of the B-1, almost 100 per cent of them got the paralysis.

Two other vitamins, riboflavin and pantothenic acid, gave similar but less striking results. Deficiencies of potassium and phosphorus in their diets also increased their resistance to the paralysis.

More resistance also was shown, he continued, when mice were fed diets deficient in tryptophane, which is one of the amino acids or building blocks out of which proteins are made. This may indicate that the virus has a preference or priority for certain amino acids, he said. This would not be surprising because the virus is composed largely of protein material.

A logical suggestion, Dr. Elvehjem said, is that certain chemicals similar to the tryptophane might be used to alter or modify the development of the virus.

"There are undoubtedly many difficulties and obstacles in a program of this kind, but even if practical applications do not come out of their work, much fundamental knowledge must accumulate," he said.

Missing Bit of Radium

Found in Small Clinker

LONDON. — One three-thousandth of an ounce of radium, lost from a London hospital, has been found in a small clinker at a huge refuse dump 40 miles away.

Fearing that radiations might endanger public health, hospital and civic officials called in physicists who, by means of a detector of radio-active substances and x-ray equipment, traced the radium to the tiny slug in a dump a quarter of a mile long, 20 feet wide and 12 feet deep.

The radium, last used in the hospital's operating theater, was swept away with dressings and eventually with furnace waste.

Find Nazi Spies Sabotaged

U. S. Plants Before the War

MUNICH, GERMANY.—The Germans carried out sabotage activities in the United States even before Pearl Harbor, Dr. R. W. Kempner of the war crimes prosecution staff said. Agents were instructed to damage harbors, pipelines and strategic factories and start forest fires, Kempner said.

The Nazi directed sabotage, Kempner said, occurred in New York state, New Jersey, Pennsylvania and Texas, according to witnesses questioned for the coming trial of former German foreign office executives.

Kempner withheld the names of witnesses.

Farmer Rigs Trap for Chicken

Thieves—Kills 13 Chickens

MADISON, NEB. — A Madison farmer who suspected someone was stealing his chickens rigged up a homemade burglar alarm with washtubs and other noisemakers.

On a recent night something touched off the alarm. Clad only in underwear and shoes, the farmer grabbed his shotgun and ran for the chicken house. He didn't notice his dog followed him.

As the farmer reached the chicken house the dog pressed its cold nose against the farmer's bare skin. He let go with both barrels of the shotgun—and brought down 13 of his own hens.

Microscopists Necessary

To Operate Electronic Eye

CAMDEN, N. J.—Radio Corporation of America scientists have developed a new super-sensitive electron microscope that can see inside a chocolate bar, examine the myriad threads of rayon hose, or inspect the fibers of rubber tires.

The only hitch is the present scarcity of electron microscopists to put the "eye" to full use.

Fiancee Gets In-Law Lesson;

Just Like Confidence Game

PITTSBURGH. — A smartly dressed woman entered the beauty shop where Mildred Wampler worked and identified herself as a sister of Miss Wampler's fiancé.

She said she needed \$20 and her brother had suggested borrowing it from Miss Wampler. A much wiser Miss Wampler discovered later that her fiancé had no sister.

Andrew Johnson is the only American president against whom impeachment charges have been brought.

CONTEST FAN My brain fairly tangles with prize contest jingles. I send in box tops by the dozen—Though I have lots of fun, all the prizes are won By somebody else's third cousin. Trade winds are those blowing continually towards the thermal equator and deflected westward by the rotation of the earth. Thomas Jefferson is often called the father of the Democratic Party.

WASH DAY-1948

Washday blues are a thing of the past when you install one of the new electric home laundry units. There's nothing to it. Just put your clothes and soap in the machine, turn the switches and relax. Before you know it you'll be looking at the cleanest, brightest wash you ever saw . . . ready for the line.

To make sure that you can enjoy the convenience and pleasure of an electric home laundry, make sure your home is adequately wired.

Adequate Wiring MEANS:

1. ENOUGH CIRCUITS for serving efficiently and safely all the appliances you have.
2. LARGE ENOUGH WIRE for serving your present and future needs.
3. ENOUGH OUTLETS AND SWITCHES for convenient living.

We have nothing to sell but good electric service.

Mr. Truman is looking for a way out of the U. S. commitment to back the plan to partition Palestine to provide a Jewish state. He is resisting demands that the U. S. lift an embargo on sales of arms to the Jews in Palestine and that it permit Americans to volunteer for military service there without losing citizenship. U. S. military leaders are increasingly worried over loss of Arab friendship.

Three Variety Shows To Tour Panhandle

West Texas State Variety Shows will be making all last-minute plans within the next two weeks in preparation for tours throughout the North and South Plains of Texas.

Variety Show No. 1, under the direction of M. J. Newman, band director, will feature The Collegians, dance band. The No. 1 show, to leave sometime in March, will feature the following artists: Thelma Gene Mercer, sophomore from Silverton; Bill Hutchinson, sophomore from Pampa; Joan Byars, freshman from Canyon, vocals; James "Rosy" Bates, sophomore from Childress; Martha Hanna and Mary Hanna Dalton, seniors from Stinnett; dances; Noraann McReynolds, freshman from Phillips, gymnastics; and Virginia Hunter, sophomore from Canyon, reading. Barry Barker, sophomore from Lockney, will be master of ceremonies.

Members of the Collegians are J. B. Seale, sophomore from Lockney; Leslie Talbert, junior from Happy; Charles Bell, junior from Plainview; Keith Baten, freshman from Follett; Coy Ward, freshman from Kerrville; Bill Tregoe, sophomore from Upperco, Md.; Ray Nickelson, senior from Canyon; Dick McCune, sophomore from Pampa; Bill Latson, sophomore from Amarillo; Bill Miller, senior from Borger; Dick Woods, freshman from Santa Barbara, Calif.; and Harold Pool, sophomore from Plainview.

The script was written by Vaughn Vandergriff, junior from Canyon and T. C. Brown, junior from Amarillo.

Music was arranged by Dick McCune.

Number Two

Variety Show No. 2, featuring the A Cappella Choir, will be under the direction of Glenn A. Truax, assistant professor of music. The show is tentatively scheduled to travel through the South Plains sometime during the latter part of March and the first part of April.

Thirty members of the choir will travel with the show. Featured artists will be June Wimberly, junior, an Carolyn Wimberly, senior from Canyon, violins; Oulton Teague, junior from Canyon, violin, "hill-billy" style; Thelma Mercer, sophomore from Silverton; Bill Hutchinson, sophomore from Pampa, vocals; Virginia Reid, sophomore from Canyon, dance; and Virginia Hunter, sophomore from Canyon, reading.

Number Three

Variety Show No. 3 will feature speech students and the girls' sextette. The show will be under the direction of Crannell Tolliver, associate professor of speech. It will travel March 16, 17 and 18 through

Sir Oliver Franks, the British professor who served as chairman of the 16-nation conference that prepared Europe's requests for Marshall Plan aid, is succeeding Lord Inverchapel as Ambassador to the United States because Great Britain wants an expert on the ground when dollars are distributed. Also, Sir Oliver gets along well with Secretary Marshall and with Lewis W. Douglas, U. S. Ambassador to London, who is shepherding the Marshall Plan through Congress for the State Department.

Italy's Communists are getting about one quarter of their party funds from Russia and Yugoslavia. Contributions come in the form of gold and platinum. The Russians have about 3,500 agents in Italy working on arrangements for Communist attempts to win forthcoming Italian elections.

General of the Army Douglas MacArthur, Supreme Commander in Japan, is concerned about the increasing prestige of Emperor Hirohito. The idea of putting the Mikado on tour as a "democratic monarch" is boomeranging. A public sampling shows that the Emperor is more adored by the Japanese, now than before the war.

It was Mrs. Truman who wanted a second-story porch built into the south portico of the White House. White House aides suggest that this accounts for the President's insistence that the porch be built over protest of architects and in the fact that it would force him to give up the idea of a front-porch campaign.

TU Exes Schedule Dinner for March 2

All ex-students of the University of Texas are invited to a dinner in the central cafeteria next Tuesday at 7:00. Mrs. Ethel G. Shaw, president of the group announced last week.

Dinners of this fashion are held all over the world on March 2. Mrs. Shaw said. In all the larger cities of the world and most parts of the United States this date has been set aside for the purpose.

All students on the campus of WT who have attended the University are invited to attend the banquet.

The program will be of a light nature and the theme is just to have fun and fellowship with other exes. Cost of the dinner will be one dollar per person.

Sir Stafford Cripps, Chancellor of the British Exchequer, is on the side of those convinced that Britain will be forced, before long, to lower the value of the British pound sterling in relation to the U. S. dollar. Other Cabinet members argue for more delay.

Planners in the State Department are in a dither over two developments. One is the appearance of signs that parts of Europe are not as badly off as pictured earlier. The other is the break in commodity prices that is forcing experts to revise estimates of aid cost downward.

A gusset is a triangular piece set into a garment to reinforce or enlarge.

DO YOUR "GUMS" SPOIL YOUR LOOKS?

WITH MODERN MACHINES

Our more abundant way of life is largely due to the more economical production of our basic industry—farming—in providing food, fiber, and oil to feed a hungry world and to supply the raw materials for an ever-increasing number of industrial products. Farmers, realizing the increasing importance of economical production, are using Modern Methods to improve and to retain the fertility of the soil and thereby to increase production and farm income.

The M.M. trademark is recognized by

farmers everywhere as the symbol of quality. M.M. MODERN MACHINES have established a reputation for economy, dependability, and outstanding performance. This is particularly true of M.M. HARVESTERS.

Your friendly M.M. dealer has the complete facts on M.M. Machinery, Tractors, and Power Units for farm use. See him the next time you are in town. M.M. equipment is worth waiting for!

Farm Income Hits 18 Billion for 1947

Predict Another Huge Wheat Crop in 1948.

WASHINGTON.—A net income of 18 billion dollars and the second largest peacetime crop in history were harvested by farmers in 1947, according to the department of agriculture.

Gross cash receipts of \$30,300,000 were 19 per cent ahead of 1946. Livestock and livestock products accounted for \$16,900,000,000 of the total; crops about \$13,100,000,000.

Despite a corn crop of only 2,400,952,000 bushels, some 849,000,000 bushels under the 1946 record high, the crop total was exceeded only in 1942, 1944 and 1946.

Government payments, largely for carrying out soil conservation, totaled 340 million dollars. This was a reduction of 60 per cent from 1946, when subsidies were paid to hold down prices of dairy products, beef, mutton and lamb.

Another billion-bushel wheat crop in 1948—of which there have been only four in the nation's history—appeared to be a possibility, on the basis of an agriculture department forecast.

This outlook is considerably more favorable than was expected when drought conditions hampered planting in wheat producing sections of the Great Plains.

The department predicted the fall-sown winter crop will yield 838,705,000 bushels, on the basis of December 1 conditions.

While no estimate could be given on the possible production of spring wheat, to be seeded next spring, officials said that crop should amount to at least 275 million bushels.

Peak Auto Output Planned for 1948

Manufacturers Seek to Boost Production Marks.

DETROIT.—The nation's car and truck manufacturers have set their sights at the highest volume of output ever attained in a single year.

According to the best estimates available, approximately 3,555,000 cars and 1,235,000 commercial vehicles were made in U. S. plants last year. In planning for 1948, producers are aiming at an increase of from 10 to 15 per cent, compared with the 1947 total of nearly 4,800,000.

Figures for the year 1947 are unofficial and subject to revision, which could be upward as easily as downward. In any event, now that 1947 has gone, most of the car makers admit that despite all the materials problems they encountered, it was a good year for production and for completion of expanded facilities.

Ahead of the industry are more problems regarding steel, particularly in cold and flat rolled types. But the vehicle makers found the required material in 1947 for a near-record production volume, although they went to unusual extremes to get it into their factories.

Their planning for 1948 is based largely upon the experiences of last year and most of them express the belief that if the Marshall plan for European relief does not bring about a rationing of materials, they will be able to get U. S. car and truck production well above five million units in 1948.

The record for one year is the 5,358,420 units turned out in 1929.

Football Clinic To Be Here May 4

Coach Frank Kimbrough announced that West Texas State will hold a football clinic here on May 14.

The plan of the clinic is to invite coaches from all over the Panhandle to bring two or three players with them for the one day session.

At this time the coaches will be able to get a look at the team West Texas State will have next fall, because Coach Kimbrough plans to have an intra-squad football game between the candidates for next season's Buffaloes.

Second Call Issued For Future Buffs

This is the second call for all students thinking about going out for football this spring. Coach Frank Kimbrough definitely wants to see any student that would like to try out during the spring training period right away so that the student may be issued track clothes and may begin to get in shape before spring training officially starts.

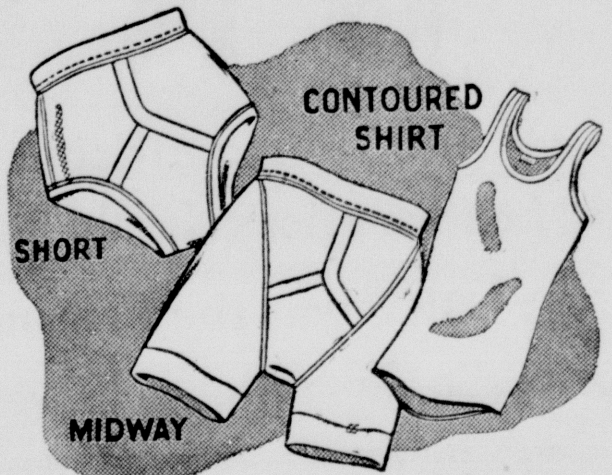

The President is somewhat bewildered by conflicting advice of those around him with regard to the outlook for continuing boom. One set of economists inside the Government insists that the crack in commodity and security prices really doesn't mean anything more than it meant a year ago. Another set advises that this time the break is to take hold, with the boom about to deflate.

Senator Arthur Vandenberg no longer is discouraging colleagues in the Senate who show an interest in giving him support for the presidential nomination, in event of a deadlock between Senator Robert Taft and Governor Tom Dewey.

Big-city Democratic machines are on the defensive in this election year. Instead of trying to cram hand-picked candidates down voters' throats, the machines in Chicago, Memphis and Jersey City are selecting men with independent records that may appeal to voters.

Senators Harry Byrd, of Virginia, and Walter George, of Georgia, in the background, are directing the revolt of the Democratic Party of the South against New Deal leadership of the party in the North.

Drug Suspended in Mist Checks Asthma Symptoms

CHICAGO.—Certain drugs, when suspended in a mist, protect animals from the effects of histamine, a body chemical responsible for symptoms of asthma, a Northwestern university specialist said.

The drugs are known as antihistamines and include pyribenzamine, benadryl, thelylene and neocatergan. Dr. Samuel M. Feinberg told the American Academy of Allergy.

In earlier experiments, the drugs were administered by mouth and showed little effect on asthma. Investigators then conceived of the idea of suspending the drugs in a mist so they could be inhaled by 10 experimental guinea pigs. This permitted a greater concentration of the drug to reach the bronchial tubes.

For Want of Horses, Two Battles Were Fought by U. S.

WASHINGTON.—Lt. Gen. Lucian K. Truscott Jr. says two major World War II battles, Cassino and Anzio, would never have taken place and the Italian campaign might have been shortened many months had U. S. forces had horse cavalry.

The opinions are expressed in a letter Truscott, former commander of the U. S. 5th army, wrote July 14 1945, to the commanding general of the Mediterranean theater. A copy was given to a senate armed services subcommittee.

Truscott wrote: "I am of the opinion that had a regiment of well trained American cavalry been available to me when the 3rd division began its advance north from Battipaglia, or ever when we crossed the Volturno, the Battle of Cassino never would have taken place, Anzio would have been unnecessary and the Italian campaign might have been terminated many months before it actually did."

De-icing of Planes Brings Trophy to Engineer Inventor

WASHINGTON.—Lewis A. Rodert, an engineer with the national advisory committee for aeronautics (NACA), received the 1946 Robert J. Collier trophy for his work in developing a heat method of protecting aircraft from ice, National Aeronautic association announced.

The trophy, generally recognized as the outstanding aviation award in this country, is conferred for an achievement, "the value of which has been demonstrated by actual use during the preceding year."

Rodert is chief of flight research at the NACA flight propulsion research laboratory at Cleveland, the government's aeronautical research agency.

Puritan Parrot in Court Over Matter of Legal Injunction

CLEVELAND.—A parrot which eats ice cream, kisses girls and doesn't use profanity was the object of a court injunction.

Common Pleas Judge Frank S. Day enjoined the bird's owners, Mr. and Mrs. Isadore Paul of suburban Cleveland Heights, from selling the parrot to anyone but Mrs. Marguerite Hudson.

The action followed Mrs. Hudson's petition saying she paid \$25 down for the parrot, but the Pauls refused to sell when she offered the \$35 balance.

Asked for comment, the bird was mum.

A galleon was a large, unwieldy ship formerly used by the Spanish.

Pilot Buzzes Deer, Saves Them From Illegal Hunters

MINNEAPOLIS, MINN.—Joe O'Neal, Minneapolis flier, was returning from an airplane fox hunt when he spotted four deer being stalked by four hunters south of the Minnesota river near Shakopee.

O'Neal dropped down near the hunters, who threatened him with clenched fists and menacing guns. So he swerved away, went on and "buzzed" the deer to put speed on them and get them away from the illegal gunners.

"It's a job for the wardens," said Joe. "There's a lot of deer poaching along the Minnesota river valley."

Lincoln's Letter Agreeing To Debates Found in Attic

CARTERSVILLE, GA.—A local business man, rummaging through a pile of old family papers, says he has found what apparently is a letter from Abraham Lincoln agreeing to the now famous debates with Stephen A. Douglas.

Harry Womelsdorf said the letter, which he has turned over to a firm of lawyers for verification, was written in longhand, signed "A. Lincoln" and addressed to the "Hon. S. A. Douglas."

The letter, Womelsdorf said, was dated "Springfield, July 31, 1858," and read:

"Dear sir: "Yours of yesterday naming places, times and terms for discussions between us was received this morning. Although by the terms, as you propose, you take four openings and closes to my three, I accede, and thus close the arrangement. I direct this to you at Hillsboro; and shall try to have both your letter and this appear in the Journal and Register of Monday morning."

Douglas and Lincoln were opponents for United States senator from Illinois in 1858 and for the Presidential nomination in 1860. As a result of the debates, sentiment in the nation was crystallized against slavery. Douglas won the senatorial seat but lost in the presidential race.

Bees Escape Near School And Attack 300 Children

BELTON, TEX.—The battle of the bees was fought in Belton with an estimated 300 casualties among school children.

The bees escaped from a transport truck when it stopped at a traffic light in front of an elementary school, where noon recess was in progress.

The bees attacked the children playing in the school yard. The youngsters ran screaming into the school building, the bees in hot pursuit.

At the end of the battle, an estimated 300 children were stung, some so badly they were sent home. Others were treated at school.

Stalin Reported World's Most Successful Author

MOSCOW.—Soviet book publishing houses in the 30 years since the revolution have turned out 11 billion books of 873,000 titles, the All-Union Book Chamber announced.

Biggest single item was Josef Stalin's "Short Course in the History of the Communist Party," which has had a total press run of 33,148,000 copies in 62 languages.

All the works of Lenin and Stalin combined totaled 682,000,000 copies. The works of Marx, Engels, Lenin and Stalin were published 12,571 times in 101 languages.

King Richard I was popularly known as Richard the Lion Hearted.
